Joining Berlin Is Proposed As First Unification Step

GENEVA (AP) — The Western powers proposed to Russia today that divided Berlin be made a united city under Big Four guarantees as the first step in a sweeping package plan to unify East and West Germany and begin global disarmament.

As a package the plan had no prospects of even serious consideration by Russia. Foreign Minister Andrei Gromyko has already rejected it as a "tangle" of unrelated issues. But parts of it, especially the Berlin proposal, conceivably could lead to some bargaining.

Ike Breaks Ground For New Center

Site Marks Start Of Lincoln Center For Performing Arts

NEW YORK (AP) — President Eisenhower broke ground today for a 75-million-dollar cultural center and predicted it will be a mighty influence for world peace.

The President took part in ceremonies marking the start of the Lincoln Center for the Performing Arts. He flew from Washington for the occasion.

The President's plane landed at the nearby Newark, N.J., airport and Eisenhower motored to New York after an airport greeting from Gov. Robert B. Meyner of New Jersey and others.

A 33-man motorcycle escort ushered the President's car into Manhattan by way of the Lincoln Tunnel under the Hudson River. Eisenhower stood up in a bubble-top limousine and waved to about 300 persons lined up near the tunnel exit.

He responded in similar fashion to other greetings from citizens as his car proceeded across town.

The ground breaking at the cultural center was just one of the activities which will keep the President buzzing busily about Manhattan during the day and into the night.

In his talk Eisenhower said the center—which will include a new Metropolitan Opera House and a new home for the New York Philharmonic—will enrich the lives of people generally.

He added: "The beneficial influence of this great cultural adventure will not be limited to our own borders. Here will occur a true exchange of the fruits of national cultures."

"From this will develop a growth that will spread to the corners of the earth, bringing with it a kind of human message that only individuals—not governments—can transmit."

"Here will develop a mighty influence for peace and understanding throughout the world."

The site of the center, an area of three and a half blocks on 64th street west of Broadway, was cleared of run-down dwellings and other buildings for the huge construction project to be completed in 1963.

Eisenhower said the center symbolizes not only an increasing interest in America in cultural matters, but also is "a stimulating approach to one of the nation's pressing problems: urban blight."

"It is a cooperative venture in which federal and local government, artistic groups, large foundations and private citizens are joining forces," he said.

The President noted, too, that Fordham University is planning a new campus and buildings adjacent to the cultural center.

"All of us salute this magnificent effort," Eisenhower added. After the ground breaking ceremony Eisenhower goes to the New York Coliseum to look over displays in the international show of export goods from 63 countries.

Nomination Approved

The Senate today confirmed the postmaster nomination by President Eisenhower of Oren Dee Moor, Lincoln, according to the Associated Press.

George James President of Lions Club

Annual Election Held Wednesday; For Year 1959-60

George B. James, of the James Electric Co. was elected president of the Sedalia Lions Club for the year 1959-60 during the regular meeting of the club Wednesday noon at Flat Creek Inn. The annual election was conducted at this meeting.

Other officers elected were Russell Rhoads, first vice-president; Bill Hiatt, second vice-president; Kenneth Leslie, third vice-president; Ray Baker, secretary; Bob Moore, treasurer; Al Domingue, Lion Tamer; Don Weller, Tail Twister.

Elected director for two years were Charles Daugherty and Verne Kuhn. Bob Cain and Jim Hobby are the two hold over directors and have one year to serve.

James one of the early members of the local Lions Club will succeed Tom Baker.

Program for the noon meeting was "What Price Your Life" presented by two representatives of McKesson and Robbins Drug Co., Joe Scully and Robert Westenhiser, of St. Louis.

A charge accompanied by statistics was presented the group on the costs of medicines, during which time the men explained the costs of prescriptions breaking down facts and figures to prove the so-called high cost goes mostly in to research. It was brought out a new medicine or drug is introduced upon the market every day of the year, including holidays and Sundays.

Six Others Hospitalized

Crewman Killed As Navy Blimp Crashes, Landing in Heavy Fog

LAKEHURST, N. J. (AP) — One crewman was killed early today when a silvery Navy blimp crashed into a hangar while attempting to land in a dense fog. Six crewmen were hospitalized and several others suffered minor injuries.

The wreckage was wedged in the hangar roof 150 feet above the ground.

Rescue workers clambered over the roof and removed the injured crewmen who had been trapped in the blimp's gondola.

Names of the dead man and the injured were withheld by the Navy pending notification of next of kin.

The freak accident left the wreckage near the top of the 150-foot high hangar. The whole roof-top was shrouded by the limp folds of the blimp's great gas bag.

Rescuers had to reach the scene with aerial ladders and then tunnel beneath the deflated bag to reach the gondola car where the injured lay. It had rammed par-

tially through the hangar roof and remained stuck fast.

The ZPG-2 blimp was returning from a routine 21-hour anti-submarine patrol early this morning. It was making a radar-controlled instrument approach through a swirling fog that blanketed out everything more than 100 feet away.

"They probably never saw the ground until after the hit," said Lt. Cmdr. Herman Spahr, administrative officer of Squadron 3 to which the craft was attached.

"The fog was so bad we radioed the blimp to gain altitude and try to come in again," said Spahr. It was just picking up speed to 45 miles an hour when it hit.

The huge bag was ripped by the wreckage and its million cubic feet of helium whoshed out through its rent sides. The gas is non-inflammable and dispersed without harm into the fog.

Rescuers at first were unable to locate four officers and two men beneath the entangling sheets of

Appropriation Stew

Big Turmoil In the House

JEFFERSON CITY (AP) — The Missouri Senate threw the House of Representatives into temporary turmoil today by announcing it would not grant a joint conference on major appropriation bills.

The refusal was an unusual move, although at the end of legislative sessions the Senate has frequently taken steps to get the upper hand over the House in money matters.

Caught in a legislative corridor, Senate Appropriations Chairman John W. Noble (D) of Kennett said "oh, we'll give 'em a conference."

Noble said he wasn't trying to upset the House. He said he merely wanted to point out to the Senate that with defeat of a withholding system for collection of the state income tax there was little leeway between anticipated revenue and the Senate appropriation figures.

Gov. James T. Blair has requested about \$33,000,000 more than anticipated revenues but had recommended tax increases to pick up the difference. The House had passed the revenue bills and reduced Blair's budget by six million.

Then the Senate refused to push the revenue bills and in order to balance the budget had slashed the money bills by 27 million dollars.

The refusal to grant a conference was tantamount to telling the House: Take our figures on appropriations or pass no money measures at all.

But the House decided there might be one loophole. House leaders told members to

study the Senate changes in the House - passed money bills over the weekend. Then the House could accept whatever changes it could justify and again request the Senate to grant a conference on the changes that could not be accepted by the House.

Rep. Paul M. Berra (D) of St. Louis, the House Appropriations chairman, said he thought the Senate was serious in refusing to get together with House members in search of compromise figures.

"There's not much that can be done," he said. "The Senate is figuring on no tax increases."

But Rep. R. J. King (R) of St. Louis County didn't like the idea of knuckling under to the Senate.

"Are we going to just accept the Senate changes or are we going to stand up on our hind legs and demand justice?" he asked Berra.

Speaker Richard H. Ichord (D) of Texas County told members not to be alarmed. "There'll be a conference on these bills without doubt," he said.

The majority floor leader, Rep. Warren E. Hearnes (D) of Mississippi County, said the Senate always chops deeply into appropriation bills in order to have bargaining power over the House.

He said "I told some senators that sometime the House is going to accept their figures and that will put the blame right on the Senate."

Earlier, the House accepted Senate changes to several minor House bills and sent them on to the governor. After the hassle about appropriations the House quit for the weekend.

Yesterday the House was host to Congressman Clarence Cannon (D) of Missouri's Ninth Congressional District.

What to be Exempt?

State Senate Battles Over Proposed Use Tax Today

JEFFERSON CITY (AP) — The Missouri Senate battled over a proposed use tax today, trying to decide what property should be exempt.

Sen. George A. Spencer (D) of Columbia, majority floor leader, called the bill up as a special order of business in a continuation of the Legislature's search for new revenue.

He offered an amendment carrying broad exemptions to cover big plants like the TWA overhaul base, McDonnell Aircraft and Rocketdyne, railroads, the new Chrysler plant near St. Louis, the firms and equipment used by radio and TV stations and many other businesses.

Even with exemptions, he estimated the use tax would produce conservatively 12 million dollars more revenue a year, including 3 to 4 million more in sales taxes in border areas.

Spencer's plan drew immediate challenges.

Sen. Kelso Journey (D) of Clinton said that if the amendment were adopted, "we might just as well forget about the bill."

After nearly two hours of debate, Spencer shelved the tax bill because he said too many sen-

tors were absent from the chamber. The measure was too important, he said, to be acted on by only a few members.

As proposed originally, the use tax would be a 2 per cent levy on goods bought outside the state for use in Missouri.

Yesterday the Senate passed and sent to the House a bill to boost the sales tax from 2 to 2½ cents. It would go to a vote of the people at the 1960 general election.

But a plan to collect the state income tax by withholding it from pay checks was beaten down, 13-19. That was five votes short of enough for passage.

Sponsors said a withholding system like the federal government's would catch thousands of persons who pay no taxes now. They estimated it would bring in 6½ to as much as 10 million dollars more a year.

But opponents attacked it as a form of double taxation that would give the state a 5 million dollar windfall next year.

They said taxpayers would have to pay their regular 1959 income tax next April under the old system while having the 1960 tax withheld from their earnings at the same time.

Opponents said self-employed who evade the present tax could still go tax free under the withholding system. They suggested more money could be raised under the present law if the revenue department did a more efficient collection job.

Revenue Director Milton Carpenter has advocated the withholding plan as a way to close loopholes in the tax law.

Gov. James T. Blair did not recommend it originally, but yesterday Sen. George Spencer (D) of Columbia said he got the impression in a recent conversation that the governor now favors such a system.

The crew members in the rear of the car were unhurt and made their way down ladders to safety. Spahr said rescuers had talked to the two trapped officers but were having difficulty freeing them.

Spahr said the landing was a "routine instrument approach, the same kind the commercial airlines make."

There was a total of eight officers and 10 enlisted men aboard. Spahr said the blimp was about two years old. It is made up of the sausage-shaped balloon that holds the helium and the gondola car that hangs below it. The blimp's two motors are attached to the gondola.

Arrangements for the conference at the Waldorf-Astoria Hotel were announced as representative of the union and steel industry concluded a two-hour contract negotiation session.

The announcement was made by White House Press secretary James C. Hagerty who said that Eisenhower - McDonald meeting would be "just a social call."

Police Have Information On Bombing

Jewish Centers Blasted as Part Of Terror Plot

WASHINGTON (AP)—The police chief of Nashville, Tenn., said today secret information developed since a Jewish center there was bombed points to a wide terror plot.

Chief Douglas E. Hosse told a House Judiciary subcommittee: "The FBI made it possible for us to get this information. I cannot divulge it."

Hosse said the wave of bombings and bomb threats has subsided for the present, but he urged enactment of strong federal legislation "to remove the reign of fear and terror. The danger lurks over the lives of all of us."

Hosse drew a distinction between the blast Sept. 10, 1957, that practically destroyed a Nashville elementary school where one Negro child had enrolled; and the dynamiting March 16, 1958, of the Jewish Community Center.

He described the school bombing as an amateurish job, "probably the work of some local person or persons whose emotions had been inflamed by the many attempts to arouse hatred among our people."

But he said he is convinced the dynamiting of the Jewish institution "was performed by some person or persons experienced in the use of explosives who came to Nashville for the sole purpose."

The timing and placing of the charge, Hosse said, appeared to have been carefully calculated "not to destroy the building but to cause any personal injury but to spread fear among the people."

And he said a synagogue in Miami was bombed within hours of the same time, while on the same date the following month—April 28—Jewish institutions in Jacksonville, Fla., and Birmingham, Ala., were bombed.

"The Jewish center bombing followed a pattern extending all over the southeast part of the country," Hosse said. He said part of the evidence uncovered indicated the dynamite used came from outside Tennessee.

New Director

Walker Named Head Of Children's Center

James D. Walker, Wellington, Kan., has been selected as the new director of the Crippled Children's Center, effective Sept. 1.

Eli K. Whitney, the director and speech therapist, has resigned from this post as of May 15.

Walker, 29 years of age, has for the past three years been a special education supervisor for the Wellington Public Schools, having had the duties as a speech therapist and supervisor of other therapists in that school system.

Walker's contract with the Wellington schools runs to Sept. 1, at which time he will move his family here and take over his new duties.

The new director was born in St. Paul, Kan., and attended high school at the St. Francis High School in that city, graduating in 1948. He then entered the U. S. Navy and served four years with that branch of the armed forces.

Following his Navy career, Walker enrolled at Wichita University and was graduated in 1956

Old 4516 Balks at Thought Of Being Put 'On the Shelf'

Old No. 4516, the large steam locomotive deeded by the Frisco Railroad to the State of Missouri for exhibition at the Missouri State Fair, balked at being put "on the shelf" today.

The Air Force sent to the fairgrounds some large equipment to help the Missouri State Fair in the move. The equipment was to pull No. 4516 back down the siding

S-C Students Give Concert This Evening

The annual spring concert of the Smith-Cotton High School music department will be conducted tonight in the school auditorium, beginning at 8 o'clock.

The orchestra will perform the allegro con brio movement from Beethoven's Fifth Symphony, selections from the Broadway musical, "The Music Man," by Meredith Willson, and the "Andalucia Suite" by Lecuna. Also included in this part of the program will be Mendelssohn's "Canzonetta" by a string quartet composed of Ted Walch, first violin, Sue Turk, second violin, Kay Williams, viola, and Bill Heiss, cello.

The mixed chorus, with Donna Nave as accompanist, will sing a Czechoslovakian dance song arranged by Krone, selections from the Broadway musical "South Pacific," by Rodgers and Hammerstein, and "Go to Dark Gethsemane" by Noble.

The band will play "La Mascara" by Walters, "Symphonic Poem" by De Nardis, "Deep River Rhapsody" by Walters and "Por Que" by Fresedo. There will also be a sousaphone solo, Buchtel's "The Salamander," played by Dennis Pauley, with Miss Nave as accompanist.

The program will close with the band's rendition of "Old Comrades March" as arranged by Buchtel and highlighted by the Smith-Cotton twirlers, Beth Wicker, Deanna Blaylock, Sandra Bennett, Judy Paxson, Judy Kyger and Lu Cretia Jones.

There will be no admission charge.

of the Missouri-Kansas-Texas railroad tracks on the fairgrounds and then tow it by means of a winch over to its last resting place on the fairgrounds.

Everything went well as the locomotive moved down the siding and through the switch onto the siding which would carry it to a spot on the grounds which had been set aside for the exhibition spot. But going into the curve, just before crossing the road, the squeal of stubborn metal arose and operations ceased immediately.

The big driving wheels on the right side had started leaving the track and twisted the track as if it were paper. The track was too light for the more than 200 tons of steel. The driving wheels went onto the ground, but some heavy boards were hurriedly placed alongside and an attempt was made to pull the locomotive back. But Old 4516 just refused to be moved.

Now efforts must be made to jack up the big engine and put a new rail under the wheels, and then decide how to get the big locomotive moved to its exhibition spot.

When the project was started, the new roadbed looked better than that of the original siding, the tracks looked perfect, and everyone figured that everything was in readiness for the big move. But Old 4516 may have to be displayed this year right where she stopped.

Cancer Found In Operation On Gen. Twining

WASHINGTON (AP)—The House Rules Committee reversed itself today and cleared for House action next week a multibillion-dollar housing bill.

The vote sending the controversial measure to the House floor after a deadlock of more than a month was announced as 8-4. The four Republicans reportedly opposed the action.

The committee previously had deadlocked 6-6 on clearing the bill.

Two Democrats who previously had voted with the four Republicans were reported to have switched. They are Howard W. Smith of Virginia and William Colmer of Mississippi.

The bill contains authority for 1½ billion dollars for slum elimination and urban renewal projects, 400 million dollars for college housing, 100 million dollars for housing for the elderly, lower FHA down payments, and 140,000 new units of low-rent public housing.

Much Republican opposition to the Democratic-backed measure focuses on proposed authority for additional public housing. President Eisenhower asked for an end to public housing subsidies in his January budget message.

Nehru Takes Jibe At Red Chinese Claim

NEW DELHI (AP)—Prime Minister Nehru today jibed at Red China's claim that Tibetan refugees who have fled to India are only "upper strata reactionaries."

Nehru told a news conference that 12,200 Tibetans have now crossed into India or the buffer states of Sikkim and Bhutan. He said it was obvious that among so large a number, there must be a large representation of the so-called common man.

Passenger Train Hits Freight Cars

FRAZER, Pa. (AP) — A freight train derailed Wednesday night and moments later a passenger train plowed into the wreckage blocking the four main line tracks of the Pennsylvania Railroad.

None of the 41 passengers and 5 crewmen aboard the night express from Philadelphia to Pittsburgh was hospitalized, but three people reported minor injuries. All were brought back to Philadelphia early today on a relief train. The five crewmen on the freight train escaped injury.

Only the locomotive and two of the 44 freight cars stayed on the tracks. The rest ended in a tangled wreckage across the tracks or at the bottom of a 40-foot embankment.

When the passenger train locomotive plowed into this wreckage it overturned and slid down the embankment, but the engineer and firemen climbed out a window unharmed.

Nine baggage and mail cars behind the locomotive also derailed, but another baggage car, a club car and the five passenger cars at the end of the 16-car train stayed on the track.

"We were going about 65 miles an hour, within the 70 mile speed limit," said the engineer of the passenger train, F. W. Drissner, 64, of Philadelphia.

"An emergency signal flashed in my cab. I slammed on the emergency brake. I had no idea what we hit. There was a heavy fog. The next thing I knew our engine was over a gully and on its side. Myself and the fireman got out through a window."

He had just left the suburban Paoli station, about 25 miles from Philadelphia, and was on the outskirts of Frazer when his train reached the derailed Chicago to New York freight. The cause of its derailment was not known.

Palsy Work Outlined At Optimist Meet

The Optimist Club met Tuesday noon at Bothwell Hotel at which time Mrs. Gregory Connor, treasurer, West Central Cerebral Palsy Affiliate, spoke on Cerebral Palsy.

Six years ago this month, Mrs. Connor said, the chapter was organized here. There is a cerebral palsied child born every 53 minutes, she stated and went on to say it can happen to anyone, for there is no protection against this cruelist multiple cripple. These children, she pointed out need a great deal of care, love and help.

Mrs. Connor told of the research going on in an island just off Puerto Rico. Here they have found that a cause of cerebral palsy is the lack of oxygen just prior to birth. This may be the key to prevention.

Most of the cases are at birth, but cerebral palsy can happen to anyone, any time, at any age, through an accident, she said. It is a brain injury that prevents the control of the muscles of the body.

A film was then shown on Cerebral Palsy in which the necessary love and playing with a cerebral palsied child by his family aids him in learning to do things. The film showed many things in the life of a child so afflicted and then, when he reached adulthood the possibilities of making his own way in the world. Some are able to go into jobs such as sewing in factories and many other kinds of work. Then there is the work that can be done by these people in factories established by the

Virgie Lemler, Vernon Holsten Are Married

Tulips, ferns and lighted tapers in branched candelabra, formed the setting for the marriage of Miss Virgie Mae Lemler, daughter of Mr. and Mrs. Carl Lemler, Mora, and Vernon Holsten, son of Mr. and Mrs. Claus Holsten, Stover, which took place at 1:30 o'clock in the afternoon, Sunday, April 19, at the Christ Lutheran Church in Stover. The Rev. Vernon Rodie performed the double ring ceremony in the presence of the immediate families.

Preceding the ceremony, Mrs. Vernon Rodie played a selection of traditional wedding music.

Given in marriage by her father, the bride wore a tulle length gown of Chantilly lace and tulle. The fitted bodice of lace was fashioned with long tapered sleeves and was accented with a sabrina neckline with iridescent sequins. The bouffant skirt was of deep tiers of matching lace and tulle. Her veil cascaded from a crown of pearls and sequins and she carried a bouquet of pink roses which were attached to a white Bible.

Miss Marian Lemler, sister of the bride, as maid of honor, wore a ballerina length dress of Nile green net over matching taffeta and her headdress was of white. She carried a bouquet of pink roses.

Leonard Young, cousin of the bridegroom, served as best man.

Lighting the candles were Miss Victoria Gunn and Miss Martha Gunn, who also wore ballerina dress in Nile green shade and their headdresses were white.

For her daughter's wedding Mrs. Lemler chose a blue dress with navy accessories. The bridegroom's mother wore a blue dress with white accessories and both mothers had corsages of white carnations.

A reception was held in the church basement at 3 p.m. with approximately 115 guests attending. The basement was decorated in pink and white.

Mrs. Victor Balke, sister of the bride, cut and served the wedding cake and the ice cream was served by Mrs. Ralph Lemler.

Miss Marian Lemler was in charge of the guest book.

The couple left on a wedding trip to Southern Missouri and Arkansas. For traveling the bride wore a beige suit dress with white accessories.

The couple will make their home in Stover.

Knob Noster School Site Is Purchased

The Knob Noster Board of Education has purchased two adjoining tracts of land for use as a planned elementary school building site. The tracts are 13½ acres of the O'Bannon Marshall property north of Hillcrest, and two and three-fourths acres of the adjoining Morgan property.

This acreage has been inspected and passed by Dr. George D. Engelhart, director of school building services, State Department of Education, and by local school officials, who consider it important to expand the grounds as well as the buildings.

It is planned to start an expandable new building on the site, instead of going on with proposed additions to the present buildings with the federal funds qualified for. It is planned to house students living within one mile of the school in the new building, on the south and west, up to and including the sixth grade, in the new building.

The board is to meet Friday night to select and authorize the purchase of supplies and equipment for the coming year.

Schedule Given For School End In Knob Noster

The Knob Noster school district has announced the schedule for the closing days of the current school year as follows:

Thursday, May 14, 8 p.m., annual Home Economics Style Show and Industrial Arts Display and Science Fair.

Friday, May 15, and Saturday, May 16, Senior Trip.

Sunday, May 17, Baccalaureate service at 8 p.m. in the High School auditorium. The Rev. R. C. Williamson of the Presbyterian Church will be the speaker.

Wednesday, May 20, 8 p.m., Elementary Commencement in the High School auditorium. The Rev. Keith Strum of the Christian Church will be the speaker.

Thursday, May 21, Teachers Day. Students will not attend.

Thursday, May 21, 8 p.m. High School Commencement in the High School auditorium. Dr. Harold Young, CMSC, will be the speaker.

Friday, May 22, last day. Morning buses run one hour late and school will begin at 9:30 a.m. Elementary pupils will be dismissed, and buses will take them home at 10:15 a.m. The high

Benson Spells Out Program On Tobacco

WASHINGTON (AP)—Secretary of Agriculture Ezra Taft Benson's program for tobacco was spelled out today for the first time. He wants present rigid price supports made flexible.

Benson's solution to tobacco surpluses—certain to arouse opposition among many tobacco men and their spokesmen in Congress as leading to lower prices—came out in the record of a closed hearing before a House Appropriations Subcommittee.

In that record, made public today, Benson proposed these legislative changes in price support for tobacco:

1. Price support level for the 1960 and 1961 crops to be no less than 75 or more than 90 per cent of the average price during the three preceding marketing years.

2. Support level for 1962 and subsequent crops to be 90 per cent of the average price during the three preceding marketing years.

Thus Benson would apply to tobacco—until this year the untouchable program with its fixed price support—the freer market theory that he has already suggested for other surplus crops.

Rep. William Natcher, a Democrat on the subcommittee from Kentucky, asked Benson this question:

"Mr. Secretary, do you believe that a majority of the tobacco growers in this country want to abandon the parity principle of price support (parity is an arbitrarily fixed 'fair' price)?"

"I do not know whether they do or not, Mr. Congressman," Benson replied. "You may be in a better position to judge that than I."

"It is our judgment, however, there is a growing sentiment in favor of relating price supports to market prices. The Congress took that action in that area on corn last year. We think it was wise action."

Asked by Natcher whether the tobacco program has been successful, Benson answered:

"Well, I think it has been generally a good program for the conditions under which it has operated. I think that we are in difficulty now because I think the program does not fit today's situation."

"We are losing some of our markets abroad. I would like to see us move in the other direction, an expansion of markets. Therefore, I think we have to do something about price supports and expand markets."

Jazz Musician Dies

Daylight Saving Time Brings Two Birthdays

FRANKFORT, Ky. (AP)—Someday the daughter of the Edward L. Fossett may ask for birthday parties on both May 4 and 5.

The clock in a Lexington hospital showed 12:25 a.m. last Tuesday when the baby was born.

But in view of Kentucky's varying time zones Fossett, an assistant attorney general, asked the opinion of a colleague.

The reply: Lexington is on Daylight Saving Time but state law prohibits the official use of any other time than Standard. So the child was born Monday night—at least officially.

Actor Sentenced On Four Drug Counts

SANTA MONICA, Calif. (AP)—Actor Jay Robinson, 29, will be sentenced June 5 on four counts involving sale and possession of narcotics.

Robinson, convicted Wednesday, faces a term of 1-10 years.

He was arrested at his Bel Air home last Nov. 13. He denied testimony by actor Robert Rodney Lynn, 20, who claimed Robinson sold him drugs. Robinson testified the narcotics had been planted in his home.

Sex-Deviate Admits He Killed Child

MILWAUKEE, Wis. (AP)—A convicted sex-deviate held in a state mental institution has admitted, police said, the kidnapping and brutal slaying of Ben Wagner, 6, whose battered body was found in a roadside ditch nearly six weeks ago.

Booked today on a charge of first-degree murder was Harold W. McLaughlin, 28, who once was cleared of any connection with the case.

"He ran out of the car and I chased him," Detective Inspector Rudolph Glaser quoted McLaughlin as saying. "I caught him and held him with one arm and stabbed him three times with the knife I always carried in the car. He screamed and tried to fight me."

Ben, the son of Mr. and Mrs. Louis Wagner, was on the way with a young companion to buy ice cream for Ben's three sisters when he was lured into the car Saturday night, April 4. His body was found the next day in a ditch along a rural road 15 miles north of here.

"I just left the body there," McLaughlin told Glaser. "I drove away and then threw the knife away."

"I went to church a week later," McLaughlin said. "I bought a candle for a dollar because it would burn for a week. I lit it for him because I killed him."

McLaughlin, who had undergone treatment in a state institution in 1954, was recommitted last month after he was accused in a disorderly conduct warrant of luring a 5-year-old boy into his car a week before Ben was kidnapped. The younger boy was released unharmed when his friends began to shout. Psychiatrists told the court McLaughlin was feeble-minded.

The first break in the case came when a hunting knife was found 600 feet from where Ben's body was discovered. Tests showed it was stained with blood and held fibers matching those in the clothing Ben wore.

Last Saturday, a knife sheath was found about half a mile from the ditch that held Ben's body. It carried the faint initials, "H. W. M."—The same as McLaughlin's.

Atchison County Jury Blames Parents For Juvenile Depredations

ROCK PORT, Mo. (AP)—An Atchison County grand jury reported yesterday parents are to blame for most juvenile depredations it discovered.

The jury's report said: "Almost all of the evidence of misconduct on the part of minors shows a shocking indifference on the part of the parents. In some instances the parents actually seemed to condone and aid and abet their children in unbecoming conduct."

The jury criticized parents who let their children stay out late, drink, smoke and drive hot rods. Judge Ray Weightman of Maryville, Mo., called the grand jury into session March 4 and asked it to investigate rumors juvenile delinquents were running in gangs. The jury returned no indictments. It said it found no evidence of anyone being molested.

Atchison county is in the north-west corner of Missouri.

Sub Protection Not Up to Par, Says Libby

LOS ANGELES (AP)—The commander of the First Pacific Fleet says America's defense against missile-launching submarines "is not as good as I would like to see it."

Russian subs probably are deployed along the Pacific coast, Vice Admiral Ruthven E. Libby told a news conference Wednesday. But he would not confirm reports the subs have been sighted near the Channel Islands off the Southern California coast.

"Our needs to combat this threat are more efficiency and more ships," he added. "We are getting fewer ships, and the ones we have are 14 years old and wearing out."

Five overtime parkers who failed to appear in police court forfeited their cash bonds of \$1 each and 70 others paid the 25-cent fee.

Willie B. Ahart, 911 East Seventh, charged with running a red traffic light at Second and Ohio, forfeited his \$5 bond.

Lola M. Brauer, 1404 South Kentucky, charged with making an illegal turn at Third and Ohio, on May 9, forfeited a \$5 cash bond.

Leonard Robard Benson, 1419 East Seventh, charged with driving while under the influence of intoxicating beverage, pleaded guilty and was fined \$75. He took the drunkometer test.

Accidents

A two-car accident occurred at 3:07 p.m. Wednesday at Fourth and Lamine. No injuries resulted. It involved a 1951 Chevrolet driven west on Fourth by William Thurman Owen, 1417 South Stewart, and a 1956 Hudson Rambler driven south on Lamine by Iva Anna Wadleigh, 1902 South Washington.

Damage resulted to the front end of the Chevrolet and the left side of the Hudson.

John P. Baldry, 79, Knob Noster, was a patient in the Warrensburg Medical Center for treatment of injuries and examination after his car ran off the roadway at Second Street on Route J in north Knob Noster at 8:30 o'clock Sunday morning.

State Trooper George Norwood said Baldry's car ran off the road after Baldry became ill, and went down a steep embankment. Baldry received a cut lip, and the steering wheel of his car, a 1949 Chevrolet coach, was broken. Knob Noster City Patrolman Charles Norman assisted at the accident scene.

The left front ends of two cars were severely damaged in an accident at the "T" intersection of two gravel roads about two miles southeast of Hostonia at 8:14 a.m. Tuesday.

The driver of a 1953 Plymouth, George Williams, 72, Route 1, Houstonia, was traveling north, heading into the top part of the "T," and turning west. The driver of a 1950 Dodge, Frank L. Tuck, 16, was traveling east and making a turn to the south when the two cars met, according to the Highway Patrol report.

Trooper Richard Joss of Sedalia, who made the investigation, said there were no injuries. The two cars were left at the scene, to be taken care of by the drivers.

Fires In City

A short in the wiring of a 1957 Chevrolet truck brought the Sedalia Fire Department to the 200 block on South Ohio at 7:07 p.m. Wednesday.

The fire did little damage to the truck which is owned by the Mid-State Distributing Co.

The fire companies responded to a call at 11:55 a.m. Wednesday to the home of Mrs. Beulah Morgan, 1417 East Fourth. She apparently smelled smoke and, fearing a fire was under way, summoned the firefighters. They were unable to locate any blaze, but thought the trouble may have been in a washing machine.

Police Reports

One of the "No Parking 8 a.m. to 4 p.m." signs at Hubbard High School on Henry was reported knocked down at 2:45 a.m. Thursday. The street and alley department set it back up.

At 8:35 p.m. Wednesday, a car was reported using a spotlight and blinding oncoming traffic. The driver was talked to by the officers.

Jack Birdsong, Smithton, reported at 7:52 p.m. Wednesday that he had lost his Missouri license, No. C72-068.

The Dodge car reported stolen from Phillip Walker Tuesday was located at Hill and Walnut, where it was found parked. It was picked up by the owner Wednesday afternoon.

A large tree limb was reported down on St. Louis between Lamine and Washington at 5:45 p.m. Wednesday. The street and alley department was notified and removed it.

W. A. Smith Motors reported the loss of a Missouri dealer's license No. D721H at 4:30 p.m. Wednesday.

Officers were requested to go to 1120 West Henry and kill a large black snake in a tree. Officer Joe Riley said he killed the snake with his pistol.

Grenade Explosion Kills Two Soldiers

FORT LEONARD WOOD, Mo. (AP)—A young private and a master sergeant were killed in a hand grenade explosion at this sprawling military post yesterday.

Dead were Pvt. John M. Rehorst, 20, of Milwaukee, Wis., and M-Sgt. Arion W. Reynolds, 35, of Rolla, Mo.

A third soldier, Sgt. Leland Robinson, was treated for superficial wounds at the base hospital and released.

Pvt. Rehorst, a basic trainee, was standing in a pit on the grenade range when the bomb exploded in his hand. M-Sgt. Reynolds, a safety noncom, was in the pit with him.

Base authorities thought it likely that the grenade was defective.

Kansas Drops Charge Against Bank Officer

HOLTON, Kan. (AP)—The state dropped a criminal charge against Orion Williams, president of the defunct Hoyt State Bank at Hoyt, Kan.

State bank commissioner John O'Leary recommended the dismissal as Williams was scheduled to go on trial yesterday.

O'Leary said Williams' brother, Jeff, cashier of the bank, assumed full responsibility for embezzlement of \$137,000 of bank funds. The commissioner said Orion did not get any of the bank's money. Jeff is now in prison. Orion was charged with certifying false statement's on the bank's condition and with accepting deposits while knowing the bank was insolvent.

The commissioner said the charges were filed before Jeff gave himself up.

Dismissal of the criminal case does not affect Orion's civil liability to the bank's depositors and receiver.

John Kirk, the receiver, estimated depositors will get back at least 65 cents on the dollar.

A nap sack and umbrella are her only pieces of traveling equipment. (AP Wirephoto).

Woman Recovering After Highway Patrol Brings Special Blood

PONCA CITY, Okla. (AP)—Mrs. Ann Denton was reported in good condition after transfusions of blood brought to Ponca City from Wichita by Kansas and Oklahoma highway patrolmen at better than 100 miles an hour yesterday.

Mrs. Denton needed the Type AB blood after a caesarian birth. Her seven-pound daughter was described as in fair condition. She is in an incubator. The family lives in Ponca City.

Trooper Charles Startz of the Kansas Highway Patrol shuttled the blood about 45 miles on the Kansas Turnpike from Wichita to the Oklahoma line and Patrolman Taylor Lain of Oklahoma carried it another 35 miles to Ponca City.

The divorce petition of Evelyn D. Patterson against Harvey W. Patterson was dismissed May 13 at the request of the plaintiff. William F. Brown was the attorney for the plaintiff.

Clear Weather Back After Wintery Night

KANSAS CITY (AP)—Clear weather came back to Missouri today after a night that called for furnace heat.

Cold winds whipped the state yesterday and bore dust to many points from rain-starved plains in the Dakotas. The cold spell pushed the temperature down to 39 at Springfield, Kirksville, Butler, Farmington and Vichy. In other parts of the state the lows were in the low 40s.

Despite clearing skies, it remained unseasonably cool today. Tonight's minimums are expected to be 35-45 and tomorrow's maximums only 65-70.

The weather bureau forecast made no mention of precipitation.

Seven New Bills Signed Into Law; One Money Bill

JEFFERSON CITY (AP)—Gov. James T. Blair signed seven bills into law today, including a routine appropriation bill.

The money measure would appropriate a little over 10 million dollars to pay interest on state indebtedness.

Other bills would: Remove the present requirement that the state and railroads split the cost of a grade separation involving both a highway and a railway. It would let the Public Service Commission decide the proportionate cost for the railroad and the state.

Provide that any special funds in the county treasury, unspent for 20 years or more, must be transferred to the county general revenue fund.

Make it a misdemeanor for any Department of Corrections employee to carry letters into or out of a correctional institution for any inmate. It also sets the sentence from two to five years for any inmates who starts a fight with a prison employee or another prisoner.

Permits the Commissioner of Agriculture to set the fee for agricultural inspections at a level to meet the cost of such inspection.

Establish the method for school districts to change boundaries.

The seventh bill is a routine revision of existing law.

Wesley's WSCS Meets On May 7

The WSCS of Wesley Methodist Church met Thursday, May 7, at the church. The opening devotional in the chapel was given by Mrs. T. A. Huffine.

Mrs. Myron Lindquist, vice-president, presided over the meeting in the absence of the president, Mrs. Dimmitt Hoffman.

The program, "The World to Christ We Bring," was given by Circle Three, Mrs. Lindquist, chairman, assisted by the following: Mrs. Grant Cox, Mrs. George Lovercamp, Mrs. Robert Burford, Mrs. Claib Harlan, Mrs. W. L. Bates and Mrs. K. P. McCrary.

The pledge service was given by Mrs. T. A. Huffine. As the members filled out their pledge cards for the coming year, a vocal solo was sung by Mrs. George Lovercamp, accompanied by Mrs. Nina Sparks.

Following a short business meeting, yearly reports were given by the officers and committee chairmen. Vacation Bible School was announced. It will be held the first week of June for one week.

Reports on the Conference in Kansas City were given by Mrs. W. L. Bates, Mrs. Fred Mark, Mrs. Myron Lindquist, and Mrs. T. A. Huffine. Mrs. Walter Niles reported on the United Church Women's meeting held recently in Springfield.

Mrs. Glenn Cox reported that Circle Four had given a picture of Christ to be hung in the church parlor in memory of the late Mrs. Paul Benson.

Special music was given by Joe Allen, who sang two solos, accompanied by his sister, Miss Sally Allen.

The officers for 1959-60 were installed by the Rev. Walter Niles in an impressive service held in the sanctuary. The following were installed: President, Mrs. Dimmitt Hoffman (in absentia); vice-president, Mrs. Myron Lindquist; secretary, Mrs. J. D. Burke; publicity secretary, Mrs. Herb Mason; treasurer, Mrs. Ernest Biggs; secretaries in lines of service: children's work, Mrs. Grant Cox; youth work, Mrs. Dan Duly; student work, Mrs. John Ryan; Christian social relations, Mrs. Claib Harlan; literature and publication, Mrs. R. M. Stonner; missionary education, Mrs. George Lovercamp; promotion secretary, Mrs. Robert Burford; status of women, Mrs. James Harvey; spiritual life, Mrs. T. A. Huffine; supply work, Mrs. K. P. McCrary; Christian vocation guidance, Mrs. Walter Niles and the Rev. Walter Niles; local church activities, Mrs. R. E. Gerster; and membership, Mrs. E. W. Bartley.

Circle chairmen are: Mrs. Carl Walter, Circle 1; Mrs. S. M. Glass, Circle 2; Mrs. Nina Sparks, Circle 3; Mrs. Porter Duffett, Circle 4; Mrs. R. E. Taylor, Circle 5; Mrs. W. L. Bates, Circle 6; Mrs. W. E. Botts, Circle 7; and Mrs. I. H. Lehmer, Circle 8.

Closing thoughts and meditation were given by Mrs. T. A. Huffine.

The luncheon was served by Circle 1, Mrs. Cloyd Leftwich, chairman, and her committee. Greeters were from Circle 6, Mrs. W. L. Bates and Mrs. Fred Mark.

Congress Balks at Gas Tax Increase

WASHINGTON (AP)—Congressional leaders balked today at

raising the federal gasoline tax—even temporarily—to keep the interstate highway construction program on schedule.

Nonetheless, Congress was expected to find other means of preventing interruption of the multi-billion dollar superhighway network now under way in most states.

President Eisenhower Wednesday reminded Congress that 2½ billion dollars of federal highway aid funds for future construction could not be apportioned to the states in July, as scheduled, unless the highway trust fund and projected spending are in balance.

To offset the existing and future deficit in the fund, Eisenhower renewed his demand that Congress increase the 3-cent federal gasoline tax to 4½ cents a gallon.

Both House Speaker Sam Rayburn of Texas and Rep. Wilbur D. Mills (D-Ark), Chairman of the tax writing House Ways and Means Committee, said they oppose such a tax increase.

And Sen. Mike Mansfield (D-Mont), Acting Senate Democratic Leader, said there is no

possibility Congress will consider such a move. Mills conceded, however, there may be alternatives.

One alternative might be diversion to the highway trust fund of all or part of the 10 per cent federal excise tax on new automobiles. These funds run about a billion dollars a year, and go directly to the Treasury's general fund.

Another and more likely alternative would be suspension of the pay-as-you-go requirement in the Interstate Highway Law. This provision has been suspended for the past two years, as an anti-recession measure.

Both possible alternatives were criticized by Eisenhower.

He said transferring new auto taxes to the highway fund "would mean only that the problem would then be to raise new taxes to replenish the loss to the General Fund."

"An even more unsatisfactory alternative, proposed by some, would be legislation to waive the pay-as-you-go requirement," Eisenhower told Congress. "This would only be a refusal to face reality."

Sorrels, Aleshire Won Last Week

Top Field Expected At T-Bowl Saturday

Walter Sorrels of Columbia and Torch Aleshire of Moberly emerged as victors in the only two Central Missouri Racing Association feature races held last week. The races slated at Marshall on Sunday night were postponed by rain. The next CMRA event will be held Saturday night at Sedalia's Thunderbowl Speedway.

Sorrels, one of the top veterans in the circuit, looked like the leadfooted Junkman of old as he sped by the checkered flag at the Thunderbowl last Saturday. He had a 100-yard advantage over his nearest rival, Ken Taylor of Slater. With each race, Sorrels has indicated that he's coming closer and closer to the form that made him one of the most feared pilots in the association. He'll be harder to beat from here out.

On Friday night of last week, Torch Aleshire got back into the winning groove by nabbing the

feature at Moberly's Greyhound Speedways. Ken Taylor finished second and Sorrels was third in the thrilling event. Less than 15 cars separated the first three cars as they whizzed past the finish line. After winning the opening two races of the season at Marshall, Aleshire waited nearly a month before making another trip to the winner's circle. However, the Moberly veteran has always been near the leader, and with breaks could have won any race held thus far. Aleshire did not run at Sedalia last week because of heavy rains in his home area. He'll be on hand and running this Saturday night.

Although Russ and Roy Hibbard have failed to chalk up a feature triumph this season, both have been staying in the pack of fore-runners and are building up enough points to stay with the leaders in that category. Both are capable of winning on any CMRA oval on a given night and if they get their modified stocks running properly they'll be trouble.

Slater's Ken Taylor, the current CMRA point leader, is maintaining a comfortable margin as a result of his high-place finishes. At Sedalia the veteran champion lost his first feature in three efforts last Saturday. His car wasn't up to par, but that'll be fixed this week.

Threatening weather held down the crowd at the Thunderbowl last Saturday and many of the CMRA's top drivers were absent because of rain and hail storms in northern Missouri. This week, CMRA officials have polled circuit drivers and the survey indicates that one of the largest fields ever to participate at the Thunderbowl will be on hand if the weather is favorable.

Time trials at the Thunderbowl will get underway at 7:45 p.m.

Gomez Not Trying To Deck Other Batters

SAN FRANCISCO (AP) — Despite what opposing batters may sometimes think, Ruben Gomez wants them to know he's not trying to deck them.

"Suppose you hit a guy in the chest or something like that," the Philadelphia pitcher supposed. "He gets on base, doesn't he?"

"Say you accidentally kill a man. Maybe he's got two or three children. How would you feel?"

Gomez, subject of much controversy about close-to-the-vest pitching in his seven years in the majors, discussed the fine art of throwing a baseball.

Gomez asserted he's deliberately thrown at only one batter, Giants pitcher Sam Jones.

"It was two, maybe three years ago when Sam was with St. Louis," Gomez recalled. "I got one inside and it just missed Sam. He said, 'I'll knock you down next time you come up, Ruben.'"

"I thought he was kidding. But he threw inside of me, just missing. So I tried to hit him on his next trip. But neither of us connected."

TV Cowboy Favors Legal Horse Racing

OKLAHOMA CITY (AP) — Television cowboy Dale Robertson turned up in Oklahoma's House of Representatives Wednesday to plug for legal horse racing and pari-mutual betting in his home state.

He said he saw nothing sinful about horse racing and noted that the Queen of England "and a lot of other prominent people" go to the races.

Tree Detours Highway
CHICAGO — An expressway will make an extra curve to spare a pine, the last survivor of 60 trees planted in 1860 to mark the Indian boundary lines which extended southwestward from Lake Michigan.

The surviving tree, south of Chicago, was in the path of a projected leg of a metropolitan expressway. Before bulldozers approached, amateur historians and garden club members persuaded the highway planners to curve the road and save the tree.

The two lines of trees once showed boundaries of a 20-mile wide strip which was ceded to the United States in 1816 by the Chippewa, Ottawa, Pottawatomie tribes.

Michigan, Detroit Set Ball Back 100 Years

DETROIT (AP) — This is the centennial of college baseball, and Wednesday Michigan and the University of Detroit set the game back 100 years.

It was a conventional 6-3 game until the eighth inning with Detroit leading. Then Michigan erupted for 21 runs in the final two innings and won 24-10.

The zany game bore considerable resemblance to the first college game between Amherst and Williams in 1859. Amherst won 73-32.

Warriors Ink Wilt At Highest Salary

PHILADELPHIA (AP) — The Philadelphia Warriors have signed Wilt (The Stilt) Chamberlain to a one-year contract for more than \$30,000, making him the highest paid player in the history of the National Basketball Assn.

The seven-foot plus Negro ace once played for Philadelphia's Overbrook High School. He was an All-America at Kansas University for two years before quitting after his junior year to join the Harlem Globetrotters last season.

Ragged S-C Fielding Boosts Joplin Into State Sectional

The Smith-Cotton Tigers were eliminated from the state tournament when they were defeated soundly at Joplin by the Joplin Eagles 11 to 2 Wednesday afternoon. The victory sends Joplin to Springfield for the sectional play-off.

Joplin put the game on ice in the first two innings. With the Tigers playing as the home team, Joplin scored two runs in the opening inning and cinched it in the second when nine runs were scored off of four hits, three walks and five errors.

Nicky Nichols opened the game and was relieved by Horner in the second. In that second inning, five runs were scored off of Nichols before he was relieved. Four runs were made off of Horner.

The Tigers made three threats, but all fizzled out as a result of tight play by the Joplin team which turned in a triple play. In the second inning the bases were loaded and no outs. Larry Wilson grounded to Sohsky at second who tagged the bases for the first out, threw to Lee Masher at first to catch Wilson for the second, then Masher threw to Churchwell at third, who threw to Stokes and back to Churchwell to tag Bobby Garrison. Tim Morgan scored from third on the grounder.

Fuming Dupas Irked With Split Decision Awarded to Scott

CHICAGO (AP) — "What do you have to do to win a fight?" fumed Ralph Dupas after losing to Charley Scott.

"I'm becoming known as the split decision kid," added the No. 2 welterweight contender. "Del Flanagan, Sugar Hart and now Scott get split decisions over me."

Dupas was a dejected figure after Scott, ranked No. 7, won a split decision in a 10-round nationally televised bout Wednesday night in Chicago Stadium.

Scott, an 8-5 ringside favorite, decked Dupas in the first round. The New Orleans welterweight was up at three and took the mandatory eight count.

Scott, a 22-year-old Philadelphia, had much more steam in his punches than the fast-fisted Dupas, who set a furious pace.

Fastest Dash Record No Good Because of Wind

KANSAS CITY (AP) — The fastest 220-yard dash ever run—19.6 seconds—doesn't count because of help from the wind.

The time was recorded by Sid Garton, East Texas State College freshman.

The third set of track statistics compiled by the National Assn. of Intercollegiate Athletics showed today that Garton also tied the world record of .09.3 in the 100-yard dash.

Both feats were accomplished in a dual meet with Northeast Louisiana but were kept out of the record books because of the aiding wind of 6 to 12 miles an hour.

Garton has an official .09.4 in the 100 and .20.5 in the 220, both leading marks in the NAIA statistics.

The East Texas sprint relay team's .40.7 is best among NAIA member colleges. Morgan State leads in the mile relay with 3:12.5.

Three other new leaders appear. Bob Pullig of Howard Payne ran a 1:51.1 half mile, William Wraga of Bemidji (Minn.) State high jumped 6 feet, 8 inches and Bill Hook of Humboldt (Calif.) State tossed the discus 159 feet, 5 1/2 inches.

Paul Whiteley of Emporia State is in second spot with his 4:12.2 mile.

The list shows seven vaulters have cleared 14 feet or better, presaging top competition in the event June 5 and 6 in the NAIA championships at Sioux Falls, S. D.

Spahn Wins 250th

Southpaw Defeats Cardinals; Hoists Braves Into NL Lead

By ED WILKS
Associated Press Sports Writer

In the four score and three years of major league baseball, only four left-handed pitchers ever had won 250 games. Now Warren Spahn is the fifth.

The southpaw put it away Wednesday night, beating the St. Louis Cardinals 3-2, and hoisting the Milwaukee Braves back into the National League lead.

It was Spahn's third shot at No. 250. Now 44 for the season, he had lost twice since bagging his 249th victory — which also came against the Cards.

Spahn, who joined American League right-hander Early Wynn (233) of the Chicago White Sox as the only active pitchers with 250 victories, was happy, of course, with Wednesday night's decision, but he accepted it like an old pro. "It's just a stepping stone," he said, "to the one I really want — No. 300."

He figures he might reach 300 if he can stay a starting pitcher for at least two or three more years. Now 39, his age-to-victories ratio is in keeping with that of the other four lefties to win 250. Eddie Plank, an American (and Federal) League player, is the top southpaw winner with 325. Lefty Grove won 300. Eppa Rixey (266) and Carl Hubbell (253) are the only National League left-handers who won more than Spahn.

Elsewhere in the NL, San Francisco beat Philadelphia 6-0 on the two-hit pitching of Sam Jones, the Chicago Cubs rapped Cincinnati 10-0 behind Glen Hobbie's three-hitter, and Pittsburgh beat Los Angeles 6-4.

In the American League, the Chicago White Sox defeated Boston 4-0 as Bob Shaw allowed but five hits in his first major league complete game. The rest of the schedule was rained out.

Billy Bruton's eighth-inning home run off Larry Jackson (1-5), who gave up six hits, brought Spahn home a winner at St. Louis. The Cards were blanked on three hits over the last seven innings as Spahn, who fanned six, finished

Social Hour, Dinner Held

S-C Class of 1949 Holds Reunion With 80 Members

The Class of 1949, Smith-Cotton High School, held its reunion on Saturday, May 2, at the Smith-Cotton Cafeteria with 80 of the class attending and a total attendance of 135 including the husbands and wives of members.

The invocation was given by Sidney Vanderlinden, and Bob Gardner and Charles Rayl served as toastmasters.

The evening began with a social hour from 5 to 7 which was a happy get-together with everybody trying to see everybody else.

The dinner followed and there was introduction of guests which included Mr. and Mrs. Joseph Benson of Independence, Mr. Benson being principal of Smith-Cotton at that time; Forrest Drake, the present principal; Mr. and Mrs. Wiley Atkins and Mrs. Thelma Cook. Mrs. Cook and Mr. Atkins were the class sponsors.

Members of the class now living in other cities attending the re-

union were: Wayne Ragar, Brookfield, Wis.; Hershel James, St. Paul, Minn.; Mrs. K. E. Wadell, the former Jean Swegles, Rochester, Minn.; Charles Lawson, Topeka, Kan.; Bob and Donna Naudel Dowdy, Rolla, Mo.; and Bob Shultz, Belleville, Ill. There were also others from Kansas City, Independence, Lee's Summit, Blue Springs, Knob Noster and Sedalia.

The class officers were: president, Charles Rayl; vice-president, James Dittmer; secretary, Olen Ballard; reporter, Bob Monsees.

There were 200 members of the class and 88 still live in Sedalia, with others living in the immediate area, Marshall, Windsor, Lamonte, Sweet Springs, Hughesville, Georgetown, Green Ridge and Knob Noster.

Seven of the class have died: Bill Frederickson, Ann Goist Plumb, Don Latham, Wesley Schlobom, Arthur Spraggins, Bob Tipton and Bill Wareham.

Charles Rayl was general chairman of the reunion, and following are members of the class who served on committees arranging for the big affair: Correspondence committee, Bette Edwards chairman, Betty Dittmer, Carolee Tindle, Catherine Smith, Ann Pirtle, Edna Abney, Peggy Walz and Marjorie Wright; beverage committee, Beverly Harvey; program committee, James Dittmer, chairman, Patti Childs, A. J. Campbell, Bob Schultz, Charles Edwards, Juanita Joy, Arlen Joy, Winifred Koger, Niles Sims, Don Bellmer and Bob Gardner.

A special event that was recognized by giving the father a box of cigars was the birth of a daughter to Kenneth and Wanda Young Schreiner the night before on May 1. Both were members of the class.

Police Treat Violators
MUSKOGEE, Okla. (AP) — Each traffic violator who pays his fine at the police station here receives a free cup of coffee. Lt. Jess McFadden explained it was to show the citizens the department is still hospitable despite the crackdown on violators.

Scientists to Use A-Bombs To Create Alaskan Harbor

SAN FRANCISCO (AP) — Two scientists disclosed today they are taking steps to prevent reflected shock waves from breaking windows and causing other damage in Soviet Siberia when they use big nuclear bombs to create a new harbor in Alaska.

As planned by the U.S. government, five nuclear bombs will be set off, probably in 1961, to excavate a harbor in Kotzebue Sound, on the northwestern Alaska coast.

The site is only about 200 miles from Siberia. The researchers said they had learned that under certain conditions shock waves could come off upper air layers and return to earth more than 300 miles away with damaging effect.

Blast waves from the bombs ride on air-ducting layers, said J. W. Reed and H. W. Church of the Sandia Corp. They addressed the second Plowshare Symposium on Industrial and Scientific Uses of Nuclear Explosions. The symposium is sponsored by the Atomic Energy Commission and the University of California's Lawrence Radiation Laboratory. The Sandia Corp. is a privately owned organization which makes nuclear weapons for the government, operating at Los Alamos and Albuquerque, N.M., and at Livermore, Calif.

It was these air-ducting layers that caused shock waves from the Nevada atom bomb tests to leap frog over the immediately surrounding area and come down 70 miles or more away on Las Vegas and other inhabited places with window-busting effect, Reed and Church said.

There are three air-ducting layers, they added. One is about 6,000 feet up, another at around 35,000 feet, and a third at 100,000 to 150,000 feet.

About one-third of the time at Kotzebue a ducting layer will be present below 50,000 foot altitude. When a bomb produces a shock wave capable of instantly boosting atmospheric pressure momentarily by about 3 per cent, a duct can carry the shock 100 miles and

Taylor, Fisher In Seclusion Wednesday

NEW YORK (AP)—Newlyweds Elizabeth Taylor and Eddie Fisher remained in seclusion Wednesday at their Waldorf-Astoria hotel suite.

As soon as Fisher gets a passport, the couple will fly to Spain where they will board a honeymoon yacht.

The actress, 27, and the singer, 30, were married Tuesday in Las Vegas, Nev. They flew here Wednesday morning.

Quite a Talker

OKLAHOMA CITY, Okla. (AP)—Jim Craft of Oklahoma City admits he is "a real talker"—but it would take "quite a few first-class talkers" to run up the telephone bill he received — \$9,999.910.51 for the month of April. The Southwestern Bell Telephone Co. assured him there had been an error and a new bill would be issued.

Decapitate Two Girls

MANILA (AP) — Headhunting Ilongot tribesmen decapitated two girls Wednesday in a remote village in mountainous Nueva Vizcaya Province. A hunter was beheaded in the same region Monday night.

Constabulary commands in northern and central Luzon were ordered to step up their campaign against the wild tribesmen, who go on the warpath this time of year looking for Christian heads.

This is the Ilongot mating season, when suitors customarily present Christian heads to the fathers of their future mates. Another Ilongot belief is that Christian heads insure a good harvest for the tribe.

Surprises Demos

Ike May Be On A Hot Spot With Speedy Action Demand

WASHINGTON (AP) — President Eisenhower may have put not only the Democratic Congress but himself on a political hot spot with his demand for speedy action on highway, housing and wheat legislation.

Eisenhower caught the Democrats by surprise Wednesday with a special message outlining the damage to the economy that may result in these three politically potent fields if Congress dawdles.

There seemed little doubt that Democrats will answer the President's request for emergency action by passage of a series of bills calling for government spending far beyond the limits Eisenhower has said he is willing to accept.

Because he emphasized the critical nature of the problems, Democrats think the President has put himself in a position where he may find it difficult to veto such measures.

Beyond that, the opposition party believes it can use the President's own words — such as his statement there is an "impending disaster in wheat" — to build up strength for attempts to override any vetoes that may be forthcoming.

Sen. Mike Mansfield of Montana, Acting Senate Democratic leader, made it clear his party has no intention of yielding to Eisenhower's views on important aspects of highway, housing and wheat legislation. A similar re-

action came from House Democratic leaders.

Mansfield said, for instance, there is no possibility that Congress will even consider increasing the gasoline tax from 3 to 4 1/2 cents a gallon. Eisenhower had asked the increase to finance additional grants to the states for construction of interstate highways.

There is no dispute in Congress over Eisenhower's request for additional loan insurance authority for the Federal Housing Administration. But both the Senate and a House committee have included this in general housing bills which contain features to which Eisenhower objects. Mansfield said the housing bills will not be pared down to the limits the President wants.

The House Agriculture Committee answered Eisenhower's plea for lower wheat supports by voting Wednesday to maintain these price props at 90 per cent of parity for the next two years, instead of the 75 per cent supports now in

Kansas City Teacher Receives Study Grant

NEW YORK (AP) — Mrs. Martha Richards, Kansas City, Kan., is among 140 high school journalism teachers from 42 states who will receive grants for study this summer.

The Wall Street Journal gave \$75,000 to finance the program through the Newspaper Fund Inc. The object is to improve the quality of teaching so more talented youths will be attracted to journalism careers.

Mrs. Richards will study at the University of Minnesota. She teaches at Washington of Bethel.

effect. The House committee did approve a 30 per cent reduction in wheat acreage allotments.

There were strong indications, however, that neither the house nor the senate would accept the committee bill in its present form.

You Can Tell a Person's Age By Cocktail Party Attitude

By HAL BOYLE

NEW YORK (AP)—One way to tell a person's age is by his attitude toward cocktail parties.

If he looks forward to cocktail parties and feels each one is exciting and different, he is very, very young.

But the more he attends the more all seem alike. The modern cocktail party, like the modern bull fight—which in a way it resembles—has its own ceremony and ritual. But in time cocktail

parties become as hard to tell apart as mothballs.

The only difference between one's first cocktail party and one's thousand and first are the date—and a feeling of gathering numbness.

But that feeling of numbness is important. It is the hallmark of the successful cocktail party.

Everything about the cocktail party is formalized and more predictable than the weather. The food, the drink, the guests—even the conversation—follow an inexorable and changeless pattern.

There is always a tray of those gnat-bite-sized sandwiches made of new wallboard and old library paste. There is always a pot of caviar. This is supposed to make you feel like you're enjoying an orgy at the court of Catherine the Great. But the stuff usually tastes as if it had been made the night before by the hostess out of fish oil and leftover pellets from her son's air rifle.

The drinks at a cocktail party fall into two classes. If the host is cheap, they are weak and watery. If the host is really trying to impress somebody, the drinks are so loaded one has the feeling he has just accepted a double-barreled shotgun—aimed at his head.

The guests at a cocktail party seem so normal and human when they first come into the room. Just a bit reserved perhaps. But an hour later all the shy Dr. Jekylls have magically turned into leering, pawing Dr. Hydes.

The sedate businessman suddenly wants to prove he can still drink a martini while standing on his head on the sofa, a feat he learned in college. The prime housewife all at once begins to act like she was the daughter of a marriage between Dracula and Mata Hari.

And everyone who had so little to say on arrival now becomes a person with a message of salvation for all mankind. They put their foreheads together and begin shouting at the top of their lungs. This isn't conversation. It is baboon babble.

Psychiatrists are divided on why people throw cocktail parties. One school holds it is merely an easy way to pay off social debts en masse. The other school holds that it is an unconscious and sadistic attempt by the host to exact social revenge on people he secretly detests.

Probably both schools of thought are right.

The problem remains as to why a husband ever goes to a cocktail party. The answer here is very clear.

He goes because somebody mailed his wife the invitation. And the modern wife will drag her husband to anything she's invited to—including, probably, a blood transfusion. Anything to get out of the house.

REPELLING AN INVASION—Panama National Guardsmen set up guns as they approach the jungle-bound Caribbean village of Nombre de Dios. They were taking no chances even though the tiny Cuban force which was "invading" Panama had pulled out of the area. Panamanian government promised severe penalties after an Organization of American States team came down from Washington and induced the main invasion force to surrender quietly.

Awards At Blackwater 100 School

By Mrs. York Finley
MARSHALL JUNCTION — The Blackwater Township Extension Club met Friday afternoon at the home of Mrs. W. B. Marshall, president. Devotional was given by Mrs. Jerome Younger, chaplain, who read Timothy 5:1-8, and led the club in saying the Lord's Prayer. Roll call was answered by a favorite recipe exchange. Eleven members and two children were present.

A letter of resignation was read from Mrs. Dick Thomas.

The Home Demonstration Week Tea at the Methodist Church in Marshall on May 7 from 2 to 4 was announced, also the Open House at Fitzgibbon Hospital on Sunday, May 10.

Minutes of the April meeting were read by the secretary, Mrs. L. C. Griffith.

Dr. Anna McNeish, health chairman, gave a very interesting talk on the different types of cancer and their detection. This was followed by a question and answer period.

The club song, "My Wild Irish Rose" was sung accompanied by Mrs. W. W. Marshall on a toy electric organ.

Club members then went to the kitchen for the food preparation demonstration by Mrs. Ben Scott and Mrs. Walter Schanz. Their topic, "Quick, Easy Meals Take Planning" was taught the previous week at the Farm Bureau Building, Marshall, by Miss Bernice McVeigh, Saline County Home Agent. Two complete meals were prepared while the essentials of a well balanced meal and how to plan time-saving palatable meals were discussed by Mrs. Schanz and Mrs. Scott. When the food was done, it was served cafeteria style from Mrs. Marshall's dining table, and pronounced delicious. Typed recipes used were distributed to all present. Dishes prepared included beef and bean casserole, relish plate and minted grapefruit, curried chicken with rice, green beans with mushroom soup, and lemon sherbet.

The next meeting will be with Mrs. Ben Scott.

Mr. and Mrs. Harold Burns, Kathy and David, have moved to their farm near Cassville.

Mr. and Mrs. Carroll Stouffer and daughter, Kansas City, spent last weekend with Mr. and Mrs. William Clark and Jimmy. Additional Sunday dinner guests were Mr. and Mrs. Rogers Clark and Greg, and Mrs. Edna Clark.

Scott Marshall, who spent the winter in Florida with his son, Jimmy, and family, was brought home a few days ago by Jimmy.

Mr. and Mrs. Joe Marshall attended the dedication services Sunday afternoon at Central Missouri State College for the four new buildings — the Gertrude Hoesy and the Harry Phillips Dormitories, and the Noel B. Grinstead Industrial Arts Building and the Paul R. Utt Music Building. The four teachers for whom the buildings were named were on the college faculty when Mr. Marshall was in school there.

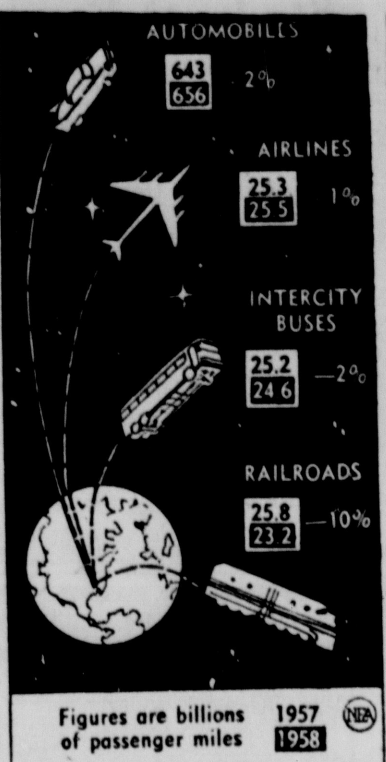

Carlyle Walker was guest soloist Sunday, April 26, in the Northwest Baptist Church, Springfield, where Rev. Lynn Richardson, former pastor at Slater, is now pastor.

Mr. and Mrs. L. C. Griffith had as supper guests Monday night to celebrate the birthdays of their children, Karen and Dale. Mr. and Mrs. William Clark and Jimmy, Mr. and Mrs. Homer Walker and Joy.

Mrs. Homer Walker and Joy visited Mrs. Jake Thomas, Shackleford, Tuesday night and Sunday afternoon. Saturday afternoon they visited Loretta Thomas, small daughter of Jimmy Thomas, a patient at Fitzgibbon Hospital, Marshall.

Mrs. W. E. Holzschuh was hostess to the circle meeting of the New Salem Baptist Women's Missionary Society at the parsonage Thursday afternoon. Mrs. Bill Davis had charge of the program on "Honoring the Lord's Day" and was assisted by Mrs. C. C. Taylor, Mrs. L. C. Griffith, Mrs. Jerome Younger and Mrs. Homer Walker. Mrs. James Renison taught a chapter of the mission study book, "Won by One" after which there was a short business meeting. The hostess served cake, ice cream and iced tea to the nine ladies and nine children present.

The Girls' Auxiliary of the New Salem Church met Tuesday night at the home of Sherry Dollard in Nelson. Sherry, program chairman, had charge of the program on "Ministry to the Deaf" and was assisted by Jill Holder, Cheryl Wright, and a new member, Karen Beth Griffith. Their counselor finished the mission study book, "The Story of Charley Matthews" after which refreshments of ice cream, cookies and pop were served.

ASTRONOMICAL—People are still on the move, in case anyone doubted it. Passenger-miles in all kinds of transportation registered a slight overall gain of 1 per cent in 1958 over 1957, according to the U.S. Chamber of Commerce. Chart above lists the records of the major carriers. The figure for automobiles alone is equal to about 2,700,000 round trips to the moon.

Ionians Had House Guests Over Weekend

By Mrs. Homer Howe
IONIA—G. G. Williams Jr. of Liberty, Mo., and John Knoop, Columbia, were visiting with relatives and Ionia friends Saturday, then continued on to the Lake of the Ozarks where they went fishing.

Mr. and Mrs. Melvin Ream and sons and Mrs. Helen Bucher, Green Ridge, visited Sunday with Misses Alberta and Ruth Pfaff.

Mrs. Clarence Friedly and children, Sedalia, visited over the weekend with her parents, Mr. and Mrs. Edwin Wehrman, Mr. Friedly spent it fishing.

Mrs. Oliver Renfrow went to Jamesport, Mo., Thursday and visited with her daughter, Doris Jean who is a teacher in school there. They returned home Saturday and Doris Jean visited over the weekend with her parents.

Mr. and Mrs. Leonard Rogar went to Independence Tuesday where they attended the funeral of the infant of Mr. and Mrs. Floyd Alverson. The baby was one week old. Mrs. Alverson is the sister of Mrs. Ragar.

Frankie, Stevie and Barbara Gardner, Ottumwa, were overnight guests Saturday of their grandparents, Mr. and Mrs. Elmer Gardner.

Mr. and Mrs. Walter Ehlers, Warrensburg, visited over the weekend with her parents, Mr. and Mrs. Kletus Cordes.

Mr. and Mrs. Laurence Schenewark and three daughters of Saudi, Arabia, arrived Friday for a visit with his parents Mr. and Mrs. Wm. Schenewark.

Mr. and Mrs. Carl Gerken, Kansas City, Mrs. Amel Kreisler, Misses Pauline and Johanna Kreisler, Lincoln, were visitors Tuesday in the home of Mr. and Mrs. Elmer Skartzel.

Mrs. Robert Boring Honored With Shower

The members of the Women's Council of the Warsaw Christian Church met for their regular monthly meeting and a baby shower was given in honor of Mrs. Robert Boring. Present were: Mrs. Mary Jane Rea, Mrs. Forrest Meek, Mrs. Brown Snider, Mrs. Ronald Gatliff, Mrs. Gladys Edwards, Mrs. Archie Proctor, Mrs. Harry Balke, Mrs. Lloyd Kasper, Mrs. Kenneth Austin, Mrs. R. L. Neas, Mrs. Orland Wheeler, Mrs. Earl Estes, and Mrs. Bert Robertson and Mrs. Theodore Fischer, mother of Mrs. Boring. Mrs. Boring received many lovely gifts. Refreshments were served.

Phi Phi Are Guests Of Explorer Post 56

Four members of Phi Phi, Beta Sigma Phi, were guests Monday night at the regular weekly meeting of Explorer Post 56 at the Wesley Methodist Church.

After a short business meeting, the ladies conducted a forum to answer questions and make suggestions on manners and courtesy in social activities.

On the panel were Mary Lou Cook, Jackie Wilson, Janet Barker, and Shirley Alexander.

President Kit Taylor presided over the meeting assisted by Post Advisor Dick Witcig.

Matter of FACT

The discovery of the relationship between heat and work is one of the great scientific discoveries. Count Benjamin T. Rumford, an American who went to Europe during the Revolutionary War, supervised the boring of cannon for the ruler of Bavaria. Amazed at how hot the metal became while being bored, he determined to study the matter further. He established that heat was caused by motion and is itself a kind of motion.

Peace Is Our Profession— Armed Forces Day Open House at Whiteman Is May 17

The Strategic Air Command's B-47 "Stratojet" bomber, with which Whiteman Air Force base is equipped, is capable of carrying a nuclear bomb anywhere in the world.

The 600-MPH B-47 was first introduced into SAC in 1952 as a replacement for propeller-driven World War II B-29 and B-50 superfortresses.

It is 107 feet long; 28 feet high; and has a wingspan of 116 feet. Maximum gross takeoff weight is 185,000 pounds. It can carry a bomb load of more than 20,000 pounds.

The B-47's range without refueling is 3000 miles. With mid-air refueling its distance capabilities are unlimited. Equipped with two 20-millimeter cannons, the Stratojet is capable of flying at altitudes above 40,000 feet.

Welcome To Whiteman

Whiteman Air Force Base, near Knob Noster, Mo., home of the 340th Bomb Wing, a Second Air Force unit, cordially invites the public to attend Armed Forces Day open house on Sunday, May 17th.

For the tenth annual Armed Forces Day, the 340th Bomb Wing will have a full program that will inform the public of the mission and importance of the Strategic Air Command in the defense of the Nation.

Visitors will see the sleek B-47 Strato-jet bombers that are capable of carrying nuclear weapons anywhere in the world. Also on display will be the KC-135 and KC-97 flying tankers that make the mission of the B-47's possible by in-flight refueling.

Static displays of aircraft will include the F-86, F-89, F-102, F9F, and H-19 helicopter in addition to the B-47, KC-97 and KC-135.

Motion pictures of the mission of the United States Air Force and Strategic Air Command will be shown throughout the day.

The 340th is one of the SAC units that is on constant alert against surprise attack from any source. Planes of the Whiteman wing maintain a constant state of readiness by flying simulated missions to keep proficient.

Bring your family and friends and see your Air Force in Action. Visit Whiteman on Armed Forces day, May 17th.

Your Invitation...

It is with pleasure that I welcome you to Whiteman Air Force Base on this, our nation's tenth annual Armed Forces Day.

The 340th Bombardment Wing is particularly proud to be your host on this occasion.

The Armed Forces of the United States have always been dedicated to the protection of this country.

In the past decade they have been attempting to maintain peace through the availability of a strong, effective military force. All of the members of this Wing are dedicated to this ideal, as evidenced by the motto "Peace is our Profession".

On behalf of all military personnel at Whiteman, I welcome you and hope you will gain a better understanding of our nation's defense capability by your visit here today.

At Syracuse

By Mrs. B. A. Bridges
SYRACUSE — Col. K. B. Huff, Boston, Mass., and daughter, Columbia, spent Saturday night and Sunday with relatives in Syracuse. Col. Huff spent the night with Mr. and Mrs. B. A. Bridges, Miss Mildred Parsons. Col. Huff had been in San Francisco and Sacramento, Calif., Reno, Nev., Salt Lake City, Utah and Denver, Colo., on official business, he stopped in Columbia to visit his daughter.

Mr. and Mrs. Roy Mowrey had as their weekend guests his mother, Mrs. Sam Mowrey, and sister, Fort Scott, Kan. Mrs. Mowrey spent the latter part of the winter with her daughter, Mrs. Wilma Mosby, and will now make a visit with her son before returning home.

Mr. and Mrs. John Hatfield were surprised Sunday, April 26, when their daughter, Mrs. Nathan Hern, and husband, Mr. and Mrs. Roy Kable, Buckner, Mr. and Mrs. J. R. Gibson and children, Marshall, walked in with a dinner already prepared. Mr. Hatfield is ill.

Mr. and Mrs. Harold Burns and family, Marshall Junction, visited Sunday afternoon, April 26, with his mother, Mrs. Kate Burns.

Miss Beulah Mae Peoules, Nashville, Tenn., spent the weekend with her parents, Mr. and Mrs. George Peoples.

Miss Judy Hotsenpiller, who won a I rating at the music contest in Warrensburg, attended the State Music Contest at Missouri University, Columbia, Saturday. She received a III rating there. She also accompanied Miss Nancy Hofstetter, both girls are students at Tipton.

Mr. and Mrs. Harrison Fowler were Sunday guests of her brother, Mr. and Mrs. Tom Gulick, Versailles. They visited Mr. Fowler's sister, Mrs. Alberta Mock, at the Kidwell Rest Home, Versailles.

Mrs. Clara Faulwell, northwest of Syracuse, whose home was destroyed by fire about two months ago, has purchased the home of Edgar Roesler, Otterville.

Mr. and Mrs. Jim Byrnes visited a few days last week with his sister, Mrs. Doyle Ward, Fort Leavenworth, Kan.

Carol Moon is home from the St. Joseph Hospital, Boonville, where he spent three weeks for medical treatment.

Mrs. Georgia Moon, Sedalia, visited last week with her brothers, Mr. and Mrs. John Hatfield and Mr. and Mrs. Sam Hatfield.

Mr. and Mrs. Connie Mowrey and daughter, Kansas City, were weekend guests of their parents, Mr. and Mrs. Amos Oehrke, and Mr. and Mrs. Roy Mowrey.

Mr. and Mrs. Earl Decker had as their guests last week Mr. and Mrs. J. O. Stanton and Mr. and Mrs. M. J. Pigg, Russellville, Ark. The above were dinner guests Friday of Mr. and Mrs. John Monks.

Mr. and Mrs. Raymond Kuttner, St. Louis, were weekend visitors of their parents, Mr. and Mrs. Maurice Starke and Mrs. Helen Kuttner.

Matter
of FACT

The Gulf of Mexico is landlocked on all sides except for two channels to the open seas. The Yucatan Channel, 130 miles wide, opens into the Caribbean, and the Straits of Florida, about 110 miles wide, lead to the Atlantic Ocean. Between these two straits lies the island of Cuba. The gulf covers 700,000 square miles and averages 5,000 feet deep.

Series on Food
Preparation
By 4-H Club

By Mrs. M. R. Gillespie
BLACKWATER—The W. W. 4-H food preparation II held five meetings during April at the home of their leader, Mrs. N. O. Wetherell. At the first meeting the group discussed dried fruits preparing and cooking prunes. The next meeting was devoted to preparing eggs and toast; the third meeting consisted of talks on cereals and preparing one cooked cereal. Hamburgers were prepared at the fourth meeting; at the next and last meeting the members talked about future activities and prepared a lemon frost drink.

The grade school presented its annual play, The Pied Piper, Friday evening at the school auditorium in Blackwater. There was a large attendance. There were 108 pupils in the cast.

The Rev. F. B. Williams, Concordia, filled his regular appointment at the Methodist Church Sunday. There was one addition to the church Sunday morning. In the evening, Rev. Williams led a youth group in Bible study followed by a Bible quiz. Visitors at the morning service from a distance were Mrs. Georgie Bodkin, Warrensburg, Mr. and Mrs. Forrest Williams, Miss Jane Williams, Concordia, Mrs. Nora Harvey, Napton.

Mr. and Mrs. Frank McClain were weekend guests of his brother and sister-in-law, Mr. and Mrs. Ray McClain, Independence. Saturday evening both ladies attended the wedding of Mrs. Frank McClain's niece, Miss Betty Nowlin, and Mr. Robert Eugene Evans at the Memorial Lutheran Church, Kansas City. They were also guests at the reception held at the home of the groom's parents, Mr. and Mrs. Chester Evans, Kansas City. Miss Shirley Nowlin, Blackwater, cousin of the bride, served as bridesmaid. The groom's brother was best man. The bride is a daughter of the late Mr. Charles Nowlin and Mrs. Nowlin, Blackwater. She was born and reared in the Blackwater community. They are at home in an apartment the groom had in readiness. He is employed in Kansas City and she works as a long distance telephone operator, Kansas City. Others from here attending the wedding and reception were Mrs. Charley Nowlin and son, William, Mr. and Mrs. John Nowlin and son, Johnny Nowlin.

A number of members of the Church of Christ, Blackwater went to Jefferson City Sunday afternoon and attended special services held at the Church of Christ building and heard the choir from Harding College, Searcy, Arkansas. Those attending were Hillard Schupp, Pilot Grove, Mr. and Mrs. J. W. Kirkpatrick, J. W. Kirkpatrick, Jr., Otterville, Mr. and Mrs. Wiley Doty and family, Nelson, Mr. and Mrs. Clyde Harper and family, Mr. and Mrs. Joe Price, Mrs. F. G. Kessler, Miss Phillis Shemwell, Philip Wayne Widel.

Mr. and Mrs. Fritz Schupp left Sunday morning for Ames, Iowa, where they visited with their son, Guy Schupp, until Monday evening. Guy is a student at Iowa State College, Ames.

Mr. and Mrs. Mrs. Walter Davis, Springfield, spent the weekend with her mother, Mrs. J. N. Whitlow. Additional dinner guests Sunday were Mr. and Mrs. Wilbur Whitlow, Fayette, Mr. and Mrs. Jack Hackley and Johnny Hackley, Odessa.

Those from the W. W. 4-H Club attending county 4-H Sunday at Boonville were Mr. and Mrs. A. J. Widel, daughters, Jane Kay and Joan Fay, Mr. and Mrs. William Clemens, sons, Bobby and Billy, and Miss Marie Topel. From the Cotton Patch 4-H were Mr. and Mrs. Raymond Holder, Miss Jill Holder, Mrs. Bus Heim and two daughters.

Mr. and Mrs. Charley Hooper and son, Roger, attended Sunday School Sunday at the Berea Christian Church near Postal. They were dinner guests of her parents, Mr. and Mrs. Fred Taylor. Other guests were Mr. and Mrs. Clayton Hooper and daughter, Susan, Marshall and Mr. and Mrs. Franklin Taylor.

Mr. and Mrs. R. M. Ashford had as guests from Saturday until Monday her parents, Mr. and Mrs. H. E. Dollars, Stanberry. Sunday evening Mr. and Mrs. Ashford and family and guests went to Boonville where they visited with Mr. and Mrs. Charley Bishop.

TO THE RESCUE—Robert Lavanchy (at the wheel) and a neighbor rescue a steer from a flooded section of his farm southeast of Van Buren, Ind. The animal was one of several head stranded on high ground when Black Creek overflowed its banks. Lavanchy navigated the tractor through the water a half-dozen times bringing animals to safety.

Future Nurses Club Holds
Awards Ceremony Monday

Monday afternoon was a high-light of the year for the Future Nurses Club, it was their last meeting and the day when the girls received their pins and guards for their accomplishments during the year.

The meeting, which was held at Flat Creek Inn, was presided over by Karen Schlosser, president, and Mrs. A. J. Campbell, Mrs. Roberts Stewart and Mrs. John Murrell were presented corsages from the club for the help they had given throughout the year. The corsages were pinned on by Karen Schlosser, Judith Gardner and Carol Hyatt.

Judith Gardner then introduced those at the head table; Mrs. Murrell, Mrs. Stewart, Mrs. W. L. Finland, Mrs. Campbell, Mrs. A. L. Lowe and Miss Hazel Lang.

After the serving of sandwiches and ice tea, the pinning ceremony

guards did not arrive in time for the pinning ceremony Mrs. Murrell presented each girl entitled to a guard a certificate, and the guards will be given to them when they arrive. Girls receiving the certificates were Carol Hyatt, Karen Schlosser, Janice Grimes, Judy Corson, Janet Morris, Donna Trueman, Ann Logan, and Cynthia Butler. Anita Foster was not there to receive her certificate.

Mrs. Stewart announced that Janice Grimes had been awarded the scholarship from the Auxiliary to the Pettis County Medical Society to enter the new School of Nursing at Central Missouri State College, Warrensburg. This scholarship is given to a deserving student who wants to enter nurses training, Mrs. Stewart said. Janice will receive part of her training.

The pins were pinned by Karen Schlosser on the following girls who earned them through hard work: Anita Kelley, Mary Kay Herrick, Judith Ann Gardner, Diane Sklar, Sharon Green, Ann Logan, Kathy Karigan, and Lois Holloway. Three girls earning the pins were not there to receive them. They were Sara Sutton, Kay Burke and Trudy Damm.

The guards were given for the second year of excellent work to girls who received the pins last year. Due to the fact that the

The head table was centered with an aqua container filled with yellow roses and yellow chrysanthemums in small yellow vases were on the other tables.

The girls wore their little blue and white checkered uniforms of their organization. They have done many very fine things during the year and when they were asked who would work at the Crippled Children's Center during the summer, there were many volunteers among this eager and ambitious group of young girls.

L. A. Pharris, Collection Bureau of Sedalia, attended a two-day seminar on collections and credit trends conducted by the Associated Credit Bureaus of America of which he is a member. The meeting was held Monday and Tuesday in Missouri Hotel, Jefferson City.

WSCS Has Election At Otterville

By Miss Cora Cordry

OTTERVILLE — Mrs. Lewis Leaton was hostess Tuesday afternoon to the WSCS of the Methodist Church. The Rev. Earl Dillon opened the meeting with prayer. Mrs. Ina Howard read a poem "Olympia." Mrs. Howard presided during the business session. A report on the District meeting which met in Chariton on March 31, was given by Mrs. Leaton. Mrs. Howard, and Mrs. H. A. Wood.

A gift of \$5 was sent to the children's Home in St. Louis and the home for the aged in Marionville. New officers for the ensuing year were elected as follows: president, Mrs. Lewis Leaton; vice president, Mrs. H. A. Wood; treasurer, Mrs. Ina Howard; secretary, Mrs. Walter Castle; promotion secretary, Mrs. Glyndon Curritt. Other officers are to be appointed by the president.

Mrs. Wood gave the devotional, "Rapidly Growing Nations." Mrs. Curritt was program leader. Refreshments were served to eight members and one guest, Mrs. Clifford Davis, who became a member.

Mrs. Frank Shiels was hostess Friday afternoon to the Dependable Sunday School Class of the Methodist Church with Mrs. H. A. Wood, president, presiding. The meeting opened with a song, "What a Friend We Have in Jesus."

The devotional, by Mrs. Ina Howard, taken from the Upper Room, was followed by a prayer and a poem, "Mayday."

The class voted to send a donation to the home for the aged at Marionville and to the children's home in St. Louis. Refreshments were served to 11 members and four visitors. The Rebekah Home Club met Wednesday evening with Mrs. Mildred Young, Mrs. Melva Fowler presided. The devotional was given by Mrs. Bessie Goode, after which Mrs. Goldie Wyatt read a poem. Mrs. Lena Kuykendall brought the mystery package which was guessed by Mrs. Young. An exchange of pal gifts followed. Receiving gifts were Mrs. Ann Zumsteg, Mrs. Lorene Klein, and Mrs. Ina Howard. A dessert luncheon was served to 15 members.

Mrs. W. W. Anthony is spending some time in Ellsburg with her daughter, Mr. and Mrs. Mylin Kuykendall and family.

Mrs. Will Spillers from California, and Mr. and Mrs. Elliott Spillers, Kansas City, spent Thursday with Mrs. Carrye Spillers.

Mrs. Glen Nelson spent the

weekend with her sister, Miss Lucille Wear, Springfield, Ill.

Mrs. Edith Tuck from Rolla visited over the weekend with her sister, Mr. and Mrs. John Dunham. Other dinner guests were Mrs. Jack Rader, Mrs. Wood Rader, and Mr. and Mrs. Bobbie Joe Edwards, Sedalia.

Mrs. Glen Forgeus from Kansas City came Tuesday to spend a week with her sister, Mrs. Bernice Mills, and her niece, Mr. and Mrs. Danny Glenn and family. Other guests Sunday were Miss Mary Sarno and Mrs. Phyllis Redmond, Kansas City.

Mrs. Paul Wray Fowler and children, Harrisonville, came Thursday for a visit with her parents, Mr. and Mrs. W.S. Friedley. Other dinner guests Sunday were Mr. and Mrs. Jack Middleton and family, Sedalia. Herschel Friedly, Tipton; and Paul Fowler, Harrisonville. The occasion was to honor their father on his birthday.

Suzette, daughter of Mr. and Mrs. George Burnett, observed her tenth birthday at school Friday afternoon. A short recreation period was held for the occasion. A game was played and refreshments were served by her mother to thirty-two classmates and her teacher.

Mr. and Mrs. Leon Allison from Stanley, Kan., spent the weekend with her parents, Mr. and Mrs. George Zimmerman.

Mrs. Sallie Hopkins returned home Saturday from a month's stay with her daughter, Mr. and Mrs. Maurice Schib, Sedalia.

Mrs. Walter Castle underwent major surgery Friday at St. Mary's Hospital in Jefferson City. Her condition is reported as satisfactory.

Mr. and Mrs. Antone Beck had as weekend visitors, Mr. and Mrs. Clay Page and Jimmy from Overland Park, Kan.

Mrs. Esther Mulvey who has employment in Sedalia, spent the weekend at her home here.

Mr. and Mrs. Henry Wittman and Miss Kathryn were dinner guests Sunday of Mr. and Mrs. H. B. Hume, Sedalia.

Mrs. J. E. Page attended a party in Sedalia Friday in the home of Mrs. Clayton Young, given honor of her four-year-old daughter, Terry.

When the Past Meets the Present

SUPERSONIC SPEED VERSUS HORSEPOWER—Setting the stage for a race to be held in connection with the Armed Forces day program at Richards-Gebaur AFB, Grandview, Mo., May 16, the pilot of an AF Convair F-102A jet shakes hands with the driver of a covered wagon on the flight line at the base during a partial dry run. During the race, the wagon will travel about 4 miles from one end of the

air field and back while the F-102 will be required to fly to North Platte, Neb., the scheduled location of the Oregon Trail wagon train, and return. The jet's distance will be approximately 6,000 miles. Despite the wide handicap, a dead heat finish is expected. The Armed Forces day program will be open to the public. (NEA Telephoto)

'South of the Border' Theme for This Year

The annual Junior-Senior Ban- quet of the Green Ridge High School was held Thursday eve- ning, May 7, in the school audi- torium.

The menu and program was written in Spanish. Spanish motifs decorated the nut cups and nap- kins. The white covered tables were centered with arrangements of white snowballs in small red wheelbarrows. Baskets of snow- balls, white spirea and purple iris were placed around the simulated rock walled garden. White antique lawn furniture added to the at- tractiveness of the scene.

On one side of the setting to carry out the spanish theme were tall artificial green castles, nearby stood an artificial brown burro while his master with a sombrero over his face sat on the ground taking his siesta which added much to the naturalistic garden.

Those attending the banquet other than the seniors and juniors were the faculty and the board of school directors and their wives.

The class of 15 seniors are as follows: Gaylon Alfrey, president; James C. Edmundson, Bonnie Franklin, Richard Arnett, Dale Baslee, Donita Bradbury, Clifford Carlson, Larry Chancellor, Robert Hennings, Jerry Ransdell, Dale Stratton, Ann Rehmer, Janice Riecke, Alice Seymour and Anna Louise Stevens.

Co-sponsors are Mrs. Marge Hughes, Windsor, and Jack Cham- bers, Sedalia.

Sunday and later visited Mr. and Mrs. Henry Junge.

Mr. and Mrs. Walter Lehig, Mr. and Mrs. Louis Balke, Sedalia and Mrs. Irene Balke, Concordia, visited Sunday in Alma.

Mr. and Mrs. Wayne Wood, Kan- sas City, were Sunday dinner guests of Mr. and Mrs. T. C. Gerken.

Mr. and Mrs. B. A. Dump, Mrs. Mildred Eichholz and son and Miss Linda Kroenke attended the wedding of Cecil B. Dump, Dallas, Texas, and Mary Louise Winter, Kansas City, Saturday afternoon.

Mrs. W. C. Thompson, Marshall, spent the weekend with Mr. and Mrs. J. S. Fowler.

Mr. and Mrs. Gene Eickhoff, Riverside, and Mr. and Mrs. Mar- vin Eickhoff, Independence, spent the weekend with Mrs. Lena Eick- hoff.

SPOKE Awards to Be Presented to Jaycees

SPOKE awards will be presented Thursday night to new members of the Sedalia Jaycees who qualify because of outstanding participation in Jaycee activities during the past year. The top recipient will be entered in the state competition to be held later this month in Joplin, and the state winner will go to the national event.

The presentation Thursday night will be made at the organization's regular meeting, which will begin at 7 p.m. at the Coffee Pot. The awards are based on a point system and only members who have joined the organization within the past year are eligible. Function of the award program is to promote increased activity among new Jaycees, who form, figuratively, the spokes of the club's wheel of action.

Strawberry Season Is Here

It is time to start making plans for freezing strawberries and possibly making preserves. Are you ready to take care of the ones you are producing or possibly purchasing from the market?

Strawberries are a wonderful source of Vitamin C. One cup contains nearly 4-5 the daily need of vitamin C (about the same amount as a six-ounce glass of orange juice). Two quarts of fresh berries will yield three pints of frozen berries, one crate (24 quarts) will yield 30 to 36 pints.

Home Care of berries is as important as proper selection. Strawberries should not be washed before they are stored in the refrigerator. Sort the berries before storing. If there is a difference in the degree of ripeness, leave the green tipped ones at room temperature until fully red, when ready to use, wash by merely dipping them up and down in a bowl of cold water, to remove sand and grit. Do not let berries stand in water for this causes great loss of color, flavor and texture. Remove caps after washing.

Freezing Strawberries—They can be frozen whole, but most people prefer to slice them—the sugar will penetrate the berries more evenly. If dry sugar is used, sprinkle about 1/2 cup over each quart (1-1 1/2 lb.) of berries. Lift berries carefully to coat each piece and juice forms. Pack into moisture-vapor-tight containers, leaving 1/2 inch head space. Press berries down in juice and seal. Label and freeze immediately. For small berries, a syrup is usually used (4 3/4 cups sugar to four cups water). Pour syrup over berries in container. Seal and freeze. To add food value and maintain the bright color, ascorbic acid may be added to berries just before packaging (1/2 to 3/4 teaspoon to one quart of syrup or two to three quarts of berries.)

How about a Berry Patch Parfait Pie? One baked 9-inch pie

shell, one package lemon-flavored gelatin, 1 cup hot water, one pint strawberry ice cream, 1 1/2 cups sliced fresh strawberries, 1/2 cup heavy cream, whipped. Dissolve gelatin in hot water, add ice cream by spoonfuls, stirring until melted. Refrigerate until thickened, but not set (15 minutes). Fold in berries. Reserve a few for garnish. Turn into baked pie shell. Refrigerate until set (about 25 minutes.) Garnish with circles of whipped cream and strawberry slices.

Check Canning and Freezing Equipment

The canning and freezing season is here. Greens, asparagus, rhubarb and strawberries are ready to be canned or frozen. If there is any doubt about the operation of the pressure canner now is a good time to have it checked. The gauge may be checked in the Extension Office, 605 South Massachusetts, Sedalia. It is a good idea to bring the lid as the safety valve and seal can be checked.

If two pieced lids are used it is best to use the same brand of flat and screw band.

Care of Spring Flowering Bulbs

Have you ever seen lovelier narcissus, tulips, and hyacinth than this spring? Perhaps they're enjoyable because winter was so cold and dreary. But spring flowering bulbs are always a good investment. There are few flowers which demand so little care.

There are some things to remember if you want large, perfect blooms. Right now, for instance, some gardeners cut off the foliage of spring flowering bulbs to make a neater garden, but they shouldn't! Bulb foliage should not be removed until yellowish-brown and nearly died down. This is necessary since the food which makes next year's flowers must go from the leaf back into the bulb. If bulbs have been planted in an area of sod, grass should not be cut until foliage of the bulbs has matured. If this yellow foliage becomes unsightly in the garden, leaves may be rolled into a small mat and tucked under leaves of neighboring plants.

Narcissus or daffodils increase rapidly, and when bulbs become too crowded, lift, divide and replant as soon as foliage has matured. In a natural setting, where flower size and perfection aren't of great importance, bulbs may be left in the ground for many years. But in the garden, lift them every six or eight years, as blooms have a tendency to become smaller, and bulbs less thrifty when overcrowded.

Madison Mayor Tells
Of Wednesday Shoot

MADISON, Mo. (AP)—"I saw him pull out the pistol and I grabbed for it, but I wasn't fast enough."

Recovering from a flesh wound across the chest, Mayor Walker Duval of Madison (pop. 575), told how he was shot Wednesday in court.

The 41-year-old Duval, who doubles as police judge, sentenced J. P. Dunaway, 63, to 90 days in jail and a \$25 fine for drunkenness. It was the latest in a long series of such sentences for Dunaway, a slightly-built electrician.

But, suddenly Dunaway began cursing and jumped to his feet, pulling a .22 caliber automatic pistol from his pocket.

"I grabbed his wrist and was twisting the gun from his hand when it fired," said the 200-pound mayor.

Dunaway was taken to jail, and Prosecutor James Reinhard said he would investigate the case today.

Congestion In The Schools

The Sedalia Board of Education approved for prospective graduation this month 202 young men and women in our two high schools—if they meet the minimum academic standards. We hope there are no disappointments.

As another school term nears an end someone remarked that since 202 students were going out there would be more room for others. There would be more room if the progressive movement upward in the grades wasn't a necessary factor accelerated by the host of little ones coming to the first grade next fall.

Every now and then someone comments on how objectionable it is to have 35 or 40 children in one classroom because of increasing enrollments in schools without compensating expansion of school buildings.

Since bond issues for new buildings have been given shoddy treatment at the polls, all sorts of alternative suggestions pop up from time to time to solve overcrowded conditions.

Among the proposals is one to keep the school plants operating 12 months a year, another to hold classes on Saturdays and thus stagger attendance and ease the congestion.

Such proposals are said not to meet

approval of the school children who would be affected. To the contrary a survey or two indicates some such method might be preferable to them than crowded classrooms.

Pre-summer madness must have given birth to the following letter to an editor from an enthusiastic student, on this subject of current interest:

"Dear Sir:

"I been reading about them 12 months school term and the letters kids have been writing. I know some kids don't want no 12 months school term but there are a lot of us who really know it would be the best thing.

"If the teachers can't learn us to be smarter than our folks then this country is in a bad shape.

"There are 365 days in a year. We only go to school 180 days. So we really only go to school about 1/2 the time now. Its no wonder we don't learn nothing.

"I know most of the kids want them 12 months term but they are just cowards and afraid to write a letter.

"Please don't tell no people my name because there is a big guy in my class that might get me for writing this.

"Yours truly, a Student."

Washington Merry-Go-Round

Witness Gets Kid-Glove Treatment

By DREW PEARSON

WASHINGTON—It's highly unusual that a congressional committee gives a witness the kid-glove treatment. And it was both interesting and unusual that the Senate interstate commerce committee let Dr. Edward Teller, semi-father of the H-bomb, set his own terms for testifying the other day. Dr. Teller specified in advance that he would testify at 11 a.m. and must leave at 1 p.m. He then made a statement in defense of the confirmation of Adm. Lewis Strauss as secretary of commerce, and, after almost no cross-examination departed.

If the senators had been less worshipful of Dr. Teller they might have discovered some interesting facts. The most interesting is that he occupies a rather vague status with the government and the University of California so that he can simultaneously accept retainers of \$1,000 a day as a consultant for private industry, including General Dynamics.

In the 1959 edition of Who's Who, Dr. Teller lists himself as with the government's Livermore laboratory, which is located at the University of California. Yet an inquiry at the Atomic Energy Commission in Washington, which is in charge of the Livermore laboratory, this week brought the information that Dr. Teller was no longer with the government, but with the University of California. An AEC spokesman explained that this severance from the government had been arranged so Teller could avoid any conflict of interest in taking fees from private industry.

However, a summary of Dr. Teller's income, received by the Senate committee as an afterthought when senators failed to question him, shows that for the past five years Dr. Teller has been receiving fees from private industry. These fees ran as high as \$25,000 from General Dynamics in one year, \$22,000 from General Dynamics in another, though this year he has received only \$1,250 from the big defense firm.

Who Works for Whom?

Significantly, General Dynamics Corporation has received one contract from the AEC to build a gas-cooled atomic reactor and is about to receive another. The firm has hired Dr. Frederic De Hoffmann, Teller's long-time close associate, and put him in charge of gas-cooled reactors.

It has also hired C. Arthur Rolander, the attorney assigned by Admiral Strauss in the purge trial of Dr. Robert Oppenheimer. Rolander is now Washington attorney for General Dynamics.

The big G.D. firm has also hired Everett Hollis, former public relations man for Admiral Strauss.

This makes an interesting pattern of people who have worked for the Atomic Energy Commission but who now work for General Dynamics. The list is topped off by Dr. Edward Teller who has all the atomic know-how of the government at his fingertips, and who

now earns private consultant fees from General Dynamics. Yet until recently he listed himself as employed by the government's Livermore laboratory of the University of California.

Just where Teller's public interest ends and his private interest begins seems difficult to ascertain, and repeated phone calls by this column both to him and to Dr. De Hoffmann of General Dynamics failed to get an explanation. They were not available for comment.

Strauss in Background

Over this dovetailing of General Dynamics with former officials of the Atomic Energy Commission stands the figure of Admiral Strauss. Not only were his friends hired by General Dynamics, not only did its adviser, Dr. Teller, make a special trip to Washington to testify for Strauss, but the admiral once admitted pulling wires for General Dynamics.

In a Feb. 19, 1958, congressional hearing, Strauss tipped off his apparent friendship with General Dynamics. He boasted that he had put General Dynamics and the Texas Atomic Energy Research Foundation together in a \$10,000,000 thermonuclear research program.

"I brought the Texas group and General Dynamics together in this matter," he disclosed to congressmen. "I produced—'produce' is too strong a word—I suggested this arrangement."

Note 1—One reason for the tremendous cost of the U.S. defense program, according to Congressman Carl Vinson of Georgia, chairman of the House armed services committee, is the letting of government contracts without competitive bidding, sometimes also because ex-government officials, hired by private industry, help influence the contracts. So far, senators, examining the Strauss record, haven't had time to dig into his relations with General Dynamics. And partly because Strauss's friends have been demanding a speedup of the hearings, they passed up an opportunity to cross-examine Dr. Teller.

Note 2—Dr. Teller admitted at the Senate hearing that Dr. Stan Ulam, a Los Alamos physicist, also had been an important factor in developing the H-bomb. Teller has frequently been called the "father of the H-bomb, but Ulam's name appears first on the patent.

Capital Chaff

Two weeks before the Panama invasion, the House merchant marine committee asked the State Department about reports that an invasion force was preparing to endanger the Panama Canal. The State Department replied reassuringly: "The situation is dormant." (At the time invaders were on their way to Panama.) . . . Eisenhower has about given up hope that the Russians have any of the 11 American fliers missing in Soviet Armenia since last September. The President is now inclined to believe that the men are dead and that the Russians are telling the truth when they say the bodies were never recovered. . . . With the Democrats now planning for the 1960 presidential campaign, they still owe half a million on the campaign to elect Stevenson in 1956.

What of Changed Latin America Policy?

By JAMES MARLOW

Associated Press News Analyst
WASHINGTON (AP) — One year ago Friday Vice President Nixon returned from that disastrous Latin American trip in which he was stoned and spat upon.

There was nothing personal in the treatment he got. It was this country's southern neighbors—or some factions of them — expressing their attitude toward the United States. Nixon called at once for a reappraisal of our policy toward Latin America.

In the year that has passed what has been done to improve that policy? And what is the attitude of Latin Americans toward the United States now?

This country has taken a number of steps toward closer cooperation with, and more understanding for, Latin America. But the attitude of the people there toward the United States is far from all good.

Only two months ago a group of South American publishing and broadcasting executives, visiting this country, said the United States is losing friends fast in their homeland.

Very recently Associated Press correspondents in the capitals of 10 South American republics questioned students, workers, politicians, editors, businessmen and

labor leaders to find out how our neighbors feel now.

The answer was: almost no change. Relations with the United States in some countries have deteriorated. In others — for example, Argentina and Brazil — some improvement was noted.

But the 10 correspondents reported that the great masses of the people have not felt any change. Most answers to the question of how the United States could improve the situation came to this: money and more tact in administering aid.

Both at the time of Nixon's mistreatment and since, Communists have been blamed as the nucleus of the attacks on the vice president and the continuing anti-United States feeling there.

The charge that the United States has played too cozy with Latin American dictators has been thrown at this country often. Nixon was aware of it on his trip. So was President Eisenhower's brother, Dr. Milton Eisenhower, who visited Latin America after Nixon's trip.

The Mature Parent

Has Trail Blazing Become Dangerous Young Dream?

By Mrs. Muriel Lawrence

Frank Dodge owns three thriving drug stores in the city.

This weekend Frank Jr. was home from college. Among other things he said to his father, "Oh, by the way, I've decided not to major in economics next year after all. Maybe I'll take medicine. There's no sense in boning up on all that economics stuff is I'm going to land in medical school."

Though his father was awfully discouraged by this career uncertainty, it never occurred to him to say, "Why not consider pharmacy, Frank? I'm going to retire one day. You could take over. But to run the Dodge drug stores, you'd have to know something about drugs."

It seems to have become part of the American parent's code of honor never to suggest that children follow our career footsteps. Our young must always blaze their own trails independently without reference to any paths, however appropriate, that we have made.

This is tough on young Frank who'd like nothing better than to appear feebly dependent on a parent's success instead of bravely creating a bigger, different one of his own.

In other countries it is not considered disgraceful to follow the occupations of fathers and grandfathers. From childhood young people know where they're going and how they're going to get there. This freedom to use and develop the efforts of previous generations gives them a sense of pride, of continuity, of economic certainty. They do not suffer the kind of anxiety that harasses our young people who must make their inexperienced career decisions alone from the hundreds presented to them in the cold impersonal pages of their college catalogues.

Why must our young always pioneer new occupations?

Well, I think we Americans lack proper pride in what we can hand on to our children. In our souls we feel that young Frank should be able to do better than we have. Americans are immigrants — and we're still dreaming the old immigrants' dream of eternally greener

Both came back recommending a much stiffer American attitude toward dictators.

Here are things the United States has done in the past year to improve the situation:

The Eisenhower administration has backed and will approve the billion dollar Inter-American Development Bank to make loans in Latin America alone; it has asked and backed increases in the capital of the World Bank and International Monetary Fund from which Latin American nations as well as others benefit.

The administration is asking Congress for a 25 per cent increase in technical assistance funds for Latin America in 1960; the U.S. Development Loan Fund is stepping up its credits to Latin American nations; and moves are under way to encourage further the already big flow of U.S. private investments into Latin America.

These actions, if carried through, may seem plentiful to a U.S. citizen. To a Latin American they still may seem too little.

BUYING A NEW dress for work the woman decided, after she got it home, that it was too long, so she ripped out the hem. She didn't have time to put a new hem in it right then, so she hung it in the closet. A few days later she was getting ready for work and seeing the new dress hanging there put it on, forgetting completely about letting the hem out.

It was quite a while later that she happened to look down and saw the threads hanging down from her dress. It really looked a sight, so, since she couldn't go on with the hem out of her dress, she had to rush out and buy another new dress to wear the rest of the day.—H.L.

SEEING BOOKMARKS advertised which were appropriate for a meeting she was having, and needing them in a few days, a woman made out her order, wrote a check, put them in an envelope, hurriedly addressed it and sent it special delivery.

About 10 o'clock that night she received a call from a woman in Sedalia who had just found the special delivery letter in her mailbox or door or some place. In her hurry to get the letter off, the woman ordering the bookmarks wrote down the address out of the magazine, but instead of putting the name of the town and state where the firm was located, she wrote "Sedalia, Mo.,"

American Stake In Africa Is Larger Than Commies'

By PETER EDSON

NEA Washington Correspondent
WASHINGTON — American interest in expanding the U. S. role in African affairs is heightened by the desire to promote its development along free, democratic lines and to check the growth of communism in the Dark Continent.

The United States has a considerable lead in this race against the Reds so far. For American relations with Africa began first and the American stake is much larger.

Slave traders brought the first Africans to American shores 340 years ago. One result is that roughly 10 per cent of the U. S. population is of African extraction.

This fact is frequently mentioned by orators as giving the United States a great advantage in developing friendly ties with the emerging African nations. But the simple truth is that this potential is undeveloped almost as much as Africa itself is under-developed economically.

In 1821, President Monroe launched the movement to resettle slaves in Africa. This led to the establishment of the free African Republic of Liberia six years later. But Liberia has had such a difficult time keeping its own head above water that it has done little to promote the growth of the American example in Africa.

Until after World War II, Soviet Russia limited its efforts to communize Africa. African students in Europe were recruited in numbers and sent to Moscow for training. These agents were then returned to their native lands. They did considerable work and damage in organizing African labor unions and in promoting nationalist uprisings.

Active Communist penetration of Africa really began with the organization of the Afro-Asian Peoples Solidarity Conference at Cairo in 1958, after Russia's previous arms and aid agreements with President Nasser's Egypt.

Today Russia has established full diplomatic relations with Ethiopia, Libya and Morocco. Trade agreements have been signed with Tunisia and Guinea. The Czechs, Poles, Hungarians and East Germans are also moving into Africa. But in South Africa, Communists were thrown out for mixed racial activities.

The Communist objective in Af-

rica is obviously to liquidate European and particularly U.S. influence and to bring the new nations under Communist imperialism.

The measure of U. S. influence in Africa today is sizable but still small in relation to potential.

U. S. trade with Africa is growing rapidly. Since 1941, U. S. exports to Africa have increased six times, from 161 to 681 million dollars. U. S. imports from Africa — mostly raw materials — have increased four-fold, from 131 to 585 million in the same 18 years.

U. S. foreign aid programs of 116 million dollars are planned for 11 African countries in 1960. This does not include aid for Egypt and Sudan, which are counted as part of the Near East. For comparison European countries supply their African dependencies with 700 million dollar equivalent assistance, annually.

The U. S. aid includes seven million dollars in military assistance to Tunisia, Ethiopia and Libya. Some small arms are purchased separately by Liberia. Cost of U. S. bases in North Africa are separate.

U. S. special economic assistance to Africa has been increased from 62 to 88 million dollars, 1958 through planned 1960. Technical assistance (Point Four) is being stepped up from 11 to 21 million a year. Estimates have been made that this aid will increase 40 per cent in the next decade — maybe more — if Congress approves.

American technicians in Africa have been doubled in the last few years. Last year they numbered 432. The number of African technicians trained in the U. S. is being stepped up to 1,500 next year. About 250 will be technicians receiving U. S. government aid, the other 1,250 will be privately financed.

U. S. private investment in Africa is still small — 626 million dollars. Firestone in Liberia is of course the big operator. Olin Mathieson has half interest in the Guinea alumina production. Kaiser has just signed a contract to develop the Volta river in Ghana.

American oil companies have concessions to explore in several African countries. And the United States buys uranium ore from the Belgian Congo in amounts that are kept secret.

Vitamin A Necessary For Healthy Growth, Eyesight

By Edwin P. Jordan, M. D.

As the sun begins to set low in the northern hemisphere and the days get shorter, the thoughts of more and more people — particularly parents — turn toward vitamins.

They wonder how to get the vitamins they need in their food, whether they should take vitamin preparations bought in a drug store, and if so, which vitamins they should buy. The subject is complex.

Vitamins are complicated chemical substances which are needed in small quantities to maintain life and health in the human body and which are not made at all by the body itself, or frequently are not manufactured in sufficient quantities.

There are a great many vitamins which are still named after the letters of the alphabet because the early students of the subject started that way.

Virtually all of the vitamins needed by the body are present in one kind of food or another. In countries like Canada and the United States, where a wide variety of foodstuffs is available, most all the needed vitamins can be obtained from the diet alone,

so the woman who lived at that address in Sedalia naturally got the special delivery.

"I'll send it for you," she said, "special delivery." And she did. The first woman then mailed her the money it cost for the special delivery stamp and in a few days, in time for the meeting, the bookmarks arrived.—H.L.

SHE HAD THOUGHT she was dressed up nicely for the party or club meeting until the next day, when she happened to see the pair of shoes she had worn sitting there on the floor. Both were black, but one had a white stripe on it.

"Do you suppose I could have worn that shoe with the white stripe on it with that black shoe and didn't notice it?" she asked members of her family. She went to check and, sure enough, there in her closet was the other mismatched pair of shoes, one black and one black with a white stripe, in a box. She called some of her friends who had been at the party the day before but they all said they hadn't noticed that her shoes weren't mates. How, she wonders, could they have missed seeing it? Anyway, she knew it happened because there was the evidence in the shoe box.—H.L.

providing there is proper selection.

The many vitamins known and analyzed have differing actions. Some of them are really best known by what happens to the body when insufficient quantities are consumed. In some the exact part they played is still poorly understood.

Besides knowing something of what vitamins can do, everyone should realize that there are a great many things which they cannot do.

They are not cure-alls. They will not stop falling hair, restore virility, or prevent or cure the common cold. Too many people, I believe, look on vitamins as though taking enough of them would somehow prevent all kinds of ill health and lengthen the life span.

Vitamin A is essential for the normal growth of bones and teeth, is necessary for vision under dim light, and is also needed for the health of certain tissues such as the eyes.

It occurs in two varieties, the vitamin itself and what is known as carotene, from which the body can manufacture the vitamin.

Vitamin A proper is found only in certain foods of animal origin such as eggs, whole milk, cheese, kidney, and liver. Certain fish oils are particularly rich in vitamin A.

The best sources of carotene are some of the dark green, leafy and yellow vegetable such as carrots, turnip and collard greens, sweet potatoes, pumpkins, broccoli, tomatoes and peaches. Vitamin A in the form of carotene is more easily destroyed in the intestinal tract than vitamin A itself, though both are able to withstand the ordinary processes of cooking.

As a general rule, those who live in areas where animal foods are readily available get an adequate amount of vitamin A without needing drug store supplements.

However, a person who sees poorly in the dim light (night blindness) may profit by giving special attention to obtaining adequate quantities of vitamin A or carotene.

Answer to Previous Puzzle

Matter of FACT

Three very important "firsts" in the history of the United States took place on the small island of Jamestown, Va. In 1607, the English, led by Capt. John Smith, made their first permanent settlement in America there. In 1619, the first American representative government assembly was held there and later the same year the first Negroes in America were landed there.

Rebellion In Tibet Seems To Be Dying

NEW DELHI (AP) — The rebellion in Tibet appears to be dying. It may already be dead.

Reports reaching the border towns of Kalimpong and Gangtok indicate the uprising of Khampa tribesmen, which flared fiercely late in March and early April, has been snuffed out by the superior guns of Red Chinese occupation forces.

The provisional government which the resistance forces proclaimed a month ago has not been heard from.

Refugees straggling out of the Himalayan land of the lamas picture it as held firmly under the heel of Chinese overlords determined to prove they can rule without public approval — and without the Dalai Lama if need be.

Refugees say the main reason the revolt failed was lack of weapons. The handmade rifles and clubs of the Khampas proved no match for Chinese artillery and machine guns.

Reports published in New Delhi say that nearly half the 10,000 refugees who have flocked into India and the border states of Sikkim and Bhutan are Khampas. Many are believed to have been wounded as they fled.

Bill Peters Injured When Hit By Car

By Mrs. Beatrice Burnfin

CROSS TIMBERS—Bill Peters was hit by a car last Saturday morning near the Beulah Byrm store, south of Frisbie. An ambulance took him to Dr. E. L. Rhodes in Warsaw where he was treated and released to return home. He had no fractures.

Mrs. Laura Miller is slowly improving at the home of her daughter, Mr. and Mrs. P. Pindexter, Kansas City, after suffering a stroke in the winter.

Mr. and Mrs. Everett Antwiler and grandson left last Friday for Nebraska to visit his cousin, Charles Giffen and family.

Mr. and Mrs. Noah Wilson, Holden, Mrs. Meda Burnfin, Lucy Bybee and grandson, Wheatland, were dinner guests in the home of Mr. and Mrs. Clifford Gemes Wednesday. They all visited in the

John Burnfin home in the afternoon.

Mr. and Mrs. John Burnfin called on Mr. and Mrs. Charles Bobbitt Thursday evening.

Mother's Day dinner guests of Mr. and Mrs. Joe Burnfin were Mr. and Mrs. Herbert Dean Burnfin and children, Kansas City.

Attend Trustee Conference

Mrs. Olen Monsees and Mrs. Jack Fowler, Hughesville, have returned home after attending the governor's trustee conference at the Governor Hotel, Jefferson City, April 27. Mrs. Jack Fowler was appointed by the Boonslick Regional Library Board as official delegate.

The conference was called by Gov. James T. Blair to stress the importance of the position of the library trustees. "Good, poor, indifferent or sub-standard service is rendered depending upon the trustee's concern with the public trust they hold," the governor stated.

Mrs. Gretchen Schenk, a promi-

nent library consultant, conducted the conference. The general subject of the conference was "The qualifications, responsibilities, and duties of trustees."

An important part of the conference was the luncheon at which Mr. Karsch, Professor of American Economics at the Missouri University, spoke on the subject of the "Relation of the Trustee to His Local Government."

During the conference the group formulated a statement regarding the importance of the appoint-

ment of progressive citizens with leading qualities as library trustees by local governing bodies. Trustees of municipal libraries are appointed by the mayor or council, and trustees of county and regional libraries by the county court. A similar statement is to be mailed to all governing officials in Missouri who appoint library trustees.
